REQUEST FOR A NEW POOR FARM PASSED

County Council Tentatively Agrees
On Appropriation of \$85,000
For Buildings

COMMISSIONERS' ESTIMATE

Councilmen Will Return Tomorrow
to Approve Vote Finally on
Account of Law

TEN BRIDGE APPROPRIATIONS

Request for \$900 to Pay Expenses
of Voters Enumeration is Denied
by Council

The county council today tentatively passed an appropriation for \$85,000 to build a new county poor asylum east of the city.

The request for an appropriation for this sum was included in the estimate which the county commissioners laid before the county council at their special session here today. Requests were also made for six new bridges and repairs on five others, all but one of which were granted.

A request for an appropriation of \$900 to pay the expenses of the sexennial enumeration of white and colored voters was denied by the council.

None of the appropriations was definitely made because the council will have to return tomorrow due to a state law which provides no sum in excess of \$15,000 shall be appropriated in one day. The council will be in session again tomorrow afternoon to determine definitely what shall be done with the appropriations passed on today.

The favorable action on the request of the county commissioners for a new poor asylum, if finally voted tomorrow, will mark the end of a long campaign for improvement at the county farm. Repeated requests have been made for new buildings because of the unsanitary conditions that exist in the present structures.

In recent years few circuit court grand juries have adjourned without first condemning in unceasing terms the county asylum for the poor. The state board of charities and likewise the state board of health have also recommended new buildings.

Commissioners and councilmen alike this morning were discussing how the improvement should be made. One suggestion was that all the buildings except the large house where the superintendent lives, be torn down and it be used for a tenant house. One councilman expressed the view that \$85,000 would not be sufficient to build the required number of buildings.

A recent ruling of the attorney general says that the six-year enumeration of white and colored voters is mandatory, though the law is antiquated because of the voters registration law, but the council did not see fit to appropriate the \$900. The township trustees receive no extra pay if they take the enumeration at the same time as the school enumeration, but they are given the privilege to employ helpers to take the count of voters.

Another appropriation has been made necessary on account of the increases in the pay of assessors, which could not be foreseen at the annual meeting last fall. The councilmen also had before them the request for appropriations for several new bridges.

The council refused to appropriate \$500 for a new bridge near

WIFE ASKS FOR GUARDIAN

Mrs. Viola Westover Acts With Her
Husband in Jail

Mrs. Viola Westover has filed a petition in the circuit court for the appointment of a guardian for her husband, Charles E. Westover, who was placed in jail Wednesday evening by Sheriff Jones on the complaint of neighbors who feared that Westover would harm someone. Westover was still in jail today, but was said to be as meek as a lamb, compared to his actions when the sheriff and deputies had considerable difficulty in placing him in a cell. An effort will be made to send him to a private institution at Oxford, Ohio.

MAY MEET TO ASK FOR STATE'S HELP

Commissioners Consent to Attend
Joint Meeting Though They Think
it is Useless.

IS CALLED AT CONNERSVILLE

Little Prospect of Any Help From
State Highway Commission for
Decade or More.

An effort was being made today to arrange a joint meeting of the commissioners of Fayette, Rush and Franklin, at Connerville tomorrow, for the purpose of making an appeal for state aid in constructing permanent highways under the county unit law.

Although the Rush county commissioners, when the auditor of Franklin county called this morning to ask them to attend, consented to be present, they feel that it will be a useless trip because there is little prospect of any state aid in building permanent roads because the state highway commission already is pledged to a program of construction which will require at least ten years, it is stated.

In any event, the commissioners expect to attend the joint meeting because discussion of the new highway law by the commissioners may bring out some new points in regard to it which the local board has never considered.

There has been some complaint among Rush county taxpayers about the way petitions have been filed for the construction of cement roads under the new law. Their objection is that the county is going into the project too hastily because there is prospect of getting some of the main market roads built by the state highway commission.

In reply to this objection, it is pointed out by others that the state highway commission has before it now a program to construct eight hundred miles of main market highways in Indiana, which was laid out by an old highway commission law being tested in the courts.

The new highway commission law pledges the commission yet to be appointed to follow the program outlined by the old commission, it is stated, so that there is little prospect of Rush county getting any roads built by the state for a period of ten years or more. In the meantime, it is argued, Rush county should take advantage of the county unit law to get some permanent roads.

As an example to show that there is no hope for Rush county receiving any state aid, it is pointed out that the federal highway commission, which has been in existence three years, has built only seventy-five miles of permanent roads. The state commission, however, is expected to get better results than that, but on account of its prearranged program, can not build any roads here for a decade or more.

WAR VETERANS ARE WOULD AUTHORIZE URGED TO ORGANIZE FARE FOR SOLDIERS

Marion County Body Wants Every
County in Indiana Represented
at State Convention.

WILL BE HELD ON APRIL 24

Discharged Service Men Feel Need
of Organization of State Association
of Veterans.

Soldiers, sailors and marines who saw service for Uncle Sam during the great war and are now at home again in Indiana are looking with active enthusiasm toward the state convention of returned service men which has been called by the World War Veterans of Marion County to be held in Indianapolis Thursday, April 24. The first business session will be held at 10 o'clock in the morning in the House of Representatives, Indiana State House.

Officers of the Marion county veterans organization urge strongly that each county organization throughout the state be represented at the state convention in Indianapolis April 24 by at least two able delegates. In counties where no organization exists now, discharged service men are asked to busy themselves immediately toward the perfection of a county organization in order to have representation at the state convention. No effort has been made here to organize the veterans of the late war, but it is regarded probable that such a step will be taken soon.

Discharged service men all over the state have long felt the need for the organization of a state association of veterans of the world war at the earliest possible date. Calls have been coming to the Marion county association from all corners of the state urging that the time is ripe for the consummation of a state organization, and asking that the Marion county organization take the responsibility of calling the state convention. They have decided to do this and have called a state convention for April 24.

The plans call for an all day business session at which officers for the state association will be elected and a temporary organization completed, pending affiliation with a

UNCERTAIN ABOUT TIME OF ARRIVAL

Last Word Received Was That Tank
Would be Here Monday. But
This is Indefinite

NO CELEBRATION IS LIKELY

There was no certainty today that the whippet tank which is on a tour of the state in the interest of the Victory Liberty Loan, will be in Rushville next Monday, although this was the approximate day given in the last word from the state publicity director.

The tank was first scheduled to be in Rushville today, but the schedule was delayed three days by the tank breaking down at Gosport, and it was announced that the tank would be here Monday, the day the campaign formally opens. Later word is to the effect that a Liberty truck has been sent to the aid of the tank. On account of the uncertainty about the arrival of the war machine, any attempt at a celebration on the occasion of the visit of the tank will likely be abandoned.

The speaking campaign in the interest of the loan drive will begin with a meeting tonight at the Moscow Christian church when Judge Will M. Sparks and Miss Hazel Bennett will deliver addresses. Three meetings to forward the loan campaign will be held Sunday afternoon.

State Council of Defense Wants
Counties to Pay Their Way to
Welcome Home Event

ASKS STATE BOARD SANCTION

Judge Will M. Sparks Attends Final
Meeting and Banquet of State
Body

Indianapolis, Ind., April 18.—The State Council of Defense at its last meeting last night at the Columbia Club adopted unanimously as its last official act a resolution calling on the state board of accounts to authorize all the boards of county commissioners to pay the railroad fare to and from Indianapolis to every discharged soldier on Victory day in order that every man who saw service can take a part in the celebration here.

The resolution was presented by Governor Goodrich who declared that although the boys were sent away with bands, barbecues and with cheers, they were returning almost without honor and said he knew personally of many wounded soldiers who feel hurt at the lack of feeling for them.

The farewell meeting was in the form of an elaborate banquet at the Columbia Club, at which Governor Goodrich was the host. The members to a man paid high tribute to the Governor. Will H. Hays, Republican national chairman, the first chairman of the council, presided.

Michael Foley, chairman of the council, declared Governor Goodrich was the greatest patriot in the country, ranking beside Oliver R. Morton, the man who led the Hoosier state in the civil war.

"I am a partisan and the Governor is a partisan, but during the war, Governor Goodrich worked with the sole thought in view of doing the best in his power for his country. Politics was forgotten," said Mr. Foley.

Thomas Taggart, in paying tribute to Governor Goodrich, read a resolution, expressing the Council's sincere appreciation and gratitude for his co-operation and confidence, which was adopted unanimously.

The Governor reviewed the history

PERJURY CASE NOLLED IN THE CIRCUIT COURT

Criminal Charge Against Curtha
Wagoner Dismissed on Motion
of Prosecutor Today

TWO CIVIL SUITS DISMISSED

The case of the state against Curtha Wagoner, charging perjury, which has been on the criminal docket in circuit court for many months, was nolledd this morning by Special Judge T. M. Green on motion of the prosecuting attorney and the attorney who was appointed to assist in the prosecution. Wagoner was twice indicted, the first indictment being quashed because it was discovered that it was not legally returned. The trial of the case has been postponed several times.

Charles L. Reed this morning was appointed guardian for Sherman Palmer on the finding of the court that Palmer was of unsound mind and incapable of attending to his affairs.

The case of the Empire Cream Separator company against Curtha Wagoner was dismissed and the costs paid by the plaintiff today. The injunction suit of Elma E. Porter against John A. Garlin, administrator, et al., was also dismissed by the plaintiff at her costs.

FOR POSSESSION OF MUNICH

Desperate Fighting Continues. To-
day's Dispatches Say

(By United Press.)

Berlin, April 18.—Desperate fighting continues for possession of Munich according to dispatches received here.

Several regiments of government troops were reported to have met the Socialist forces outside the city, which are making preparations for a grand assault. The communist defenders, while maintaining their artillery fire, are erecting barricades and barbed wire entanglements in the principal streets entering the town. Plundering is said to have gotten beyond control of the communist guards.

DEMANDS REMOVAL OF ONE IN CABINET

Georgia Federation of Labor Adopts
Resolution Accusing Postmas-
ter General Burleson

A CHARGE OF BEING UNFAIR

Governor of Massachusetts Asks
Permission to Operate Wire
Systems During Strike

(By United Press.)

Brunswick, Ga., April 18.—A resolution demanding removal of Postmaster General Burleson was adopted by the Georgia Federation of Labor in convention here today. The resolution was drawn up by telephone and electrical workers asking Burleson's removal on grounds of being unfair to organized labor and unfair to public and institutional increases in telephone and telegraph rates.

Boston, April 18.—Gov. Coolidge today telegraphed Postmaster Burleson asking if he would not allow the state of Massachusetts to take over the telegraph and telephone system and operate it under the federal government effects a settlement of the existing strike.

Should Burleson agree to such a move, it is planned to attempt to have the telephone operators return to work under state control.

The strike is now in its fourth day and there are no signs of an early settlement.

The industrial and social life of five states has been seriously disrupted; more than 630,000 telephones are out of commission; the loss in business daily amounts to hundreds of thousands of dollars and people are facing emergencies, in which, under normal conditions, the telephone companies play the leading part.

Despite the tremendous inconvenience to which the public is subject, the financial loss and personal inconvenience, the situation indicates that the public sympathizes with the striking telephone workers.

OBSERVE THE CENTENNIAL

Arlington I. O. O. F. Confers Degree
on 13 Candidates.

The Odd Fellows lodge of Arlington celebrated the Centennial of the Odd Fellows lodge of the United States last evening by conferring the first degree on thirteen candidates. The deputy grand master of Indianapolis was in charge. After the degree work the Rebekahs served supper in the basement of the M. E. church, after which a general program, consisting of music, readings and a talk by the deputy grand master, was given.

TREATY WILL BE RATIFIED APR. 24

Germans Will be Handed Pact The
Next Day, According to All
Indications Today.

TWO PLENARY SESSIONS THEN

Italians Reported to Have Threat-
ened to Block Settlement Unless
Claims Are Recognized.

(By United Press.)

Washington, April 18.—The situation at the peace conference continued to improve, it was learned today.

A message from Rear Admiral Grayson, the president's physician, stated that he has now entirely recovered from his recent illness.

Paris, April 18.—Indications today were that the present treaty would be ratified by the plenary conference on April 24, just one day before the German delegates arrive in Versailles to receive it. The program is as follows: Two plenary sessions apparently will be necessary, the first one on April 23 to receive the revised covenant of the league of nations and the second on the following day when the whole treaty will be taken up.

President Wilson will call the attention of the British delegates to the appeal for Irish freedom, received yesterday by Frank P. Walsh, but will not act himself. It was recalled the president is understood to have told the delegates of Irish-American in New York the night of his departure that the Irish question was a British internal problem but that he was willing to tell the British how the delegates feel about it.

The Italians are reported to have threatened to block the entire peace settlement unless their claims are recognized.

This developed today when the Big Four again took up Italy's territorial aspirations.

According to reliable information, the Italians have now taken the position that the pact of London on which their claims are based not only grants them the entire program they are demanding but pledges all the signatories to stand together for a simultaneous peace, which as the Italians see it, could overturn the whole peace settlement by refusing to accept any treaties not meeting their claims, and then call upon the signatories of the pact of London to live up to their agreements, against arranging separate peace.

The signatories to the pact of London consummated in 1915, were Italy, Great Britain, France and Russia. Under this agreement Italy was given certain territorial concessions for entering the war on the side of the allies.

Certain of the allies led by the Americans have maintained that acceptance of the armistice terms abrogated all secret treaties. President Wilson has made it known that he will not deviate from the stand that this dispute must be settled according to the fourteen points.

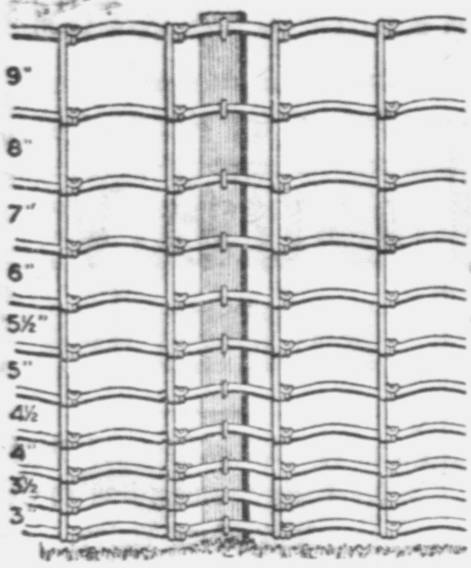

The Japanese in pushing their demands for early settlement of the Shantung question, are expected to appear before the Big Four tomorrow or Sunday. They are insistent that their claims to ratification of concessions in the Shantung peninsula, which are bitterly opposed by the Chinese, be recognized at once.

All commissions with the exception of the one considering the conflicting Polish and German boundary claims, have completed their work. It is expected there will be two plenary sessions next week, possibly on Thursday and Friday.

ORDER OF TEMPLE

Rushville commandery of Knights Templar will confer the Order of the Temple on three candidates Wednesday evening. Visitors from Greenfield will be present.

What Is Economy?

Progressive farmers insist on our Buckeye or Michigan wire fence. They know that these fences combine the two essential points of a good buy. First—Their quality is unexcelled. Either the straight stay or hinge lock can be had in an exceptionally durable fence. Second — The price is very reasonable. Our fence is being sold at an unusually low rate now. Don't fail to come and see our large assortment before you buy.

J. P. FRAZEE

Don't let Worms Kill Your Hogs

Free intestinal and stomach worms are those that do not attach themselves to the intestines or stomach. Worms which attach themselves to the stomach or intestines are properly called "Blood Suckers" and nothing will expel the "blood sucking worms" after they are formed.

The Thorn Headed Worm is a "blood sucker" and nothing will expel them after they are formed. They have a mass of thorns, or hooks about the head and not only attach themselves to the intestines, but bury the head into and clear through the intestines. THE THORN HEADED WORM can be positively prevented by feeding ACME WORM BOUNCER from birth to maturity.

R. G. Wellman

Phone 1506 RUSHVILLE, INDIANA

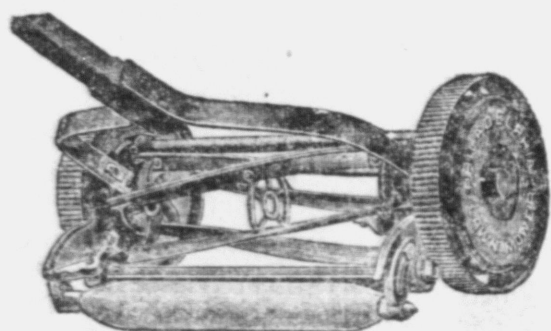

Autobiography of a Hog, No. 4

"Jess" conversation waxed more eloquent as he proceeded. He said thin slops are ok for young pigs. In slopping fattening hogs make a thick slop—just so it pours. Never cook your slop. Don't let it stand over six hours as a rule, 3 or 4 hours is better. Swine remedies cost from \$150 to \$250 a ton. If a scientifically prepared balanced hog ration, such as Fat Back Hog Feed is fed, expensive remedies are of little or no use. If your hogs need medicine call a veterinary surgeon. The U. S. Government and your state asks you to have your hogs vaccinated for cholera. Don't neglect so important a thing. If your pigs are in good condition have them 'treated' at about 40 pounds heft."

Fat Back Hog Feed is Good Feed. Buy And Buy It.

FREE HERD OF TUBERCULOSIS

Satisfactory Progress in Plan of Eradication Made During First Year of Work.

(Prepared by the United States Department of Agriculture.)

The tuberculosis-free accredited herd plan, inaugurated in December, 1917, and worked out in co-operation with the bureau of animal industry, United States department of agriculture, was slightly changed at the twenty-second annual meeting of the United States Live Stock Sanitary association held at Chicago in December. It was agreed to strike out the word "purebred" so

Although Apparently Healthy These Animals Are Positive Reactors to the Tuberculin Test.

as to admit to certification grade herds in addition to registered cattle.

The annual conference between representatives of the United States Live Stock Sanitary association and the Purebred Cattle Breeders' association resulted in the further indorsement of the tuberculosis eradication campaign and a recommendation that the work be extended as rapidly as possible.

The accredited-herd plan is to test cattle with tuberculin at the request of the owner, eliminate any reacting animals either by slaughter or by following prescribed sanitary measures, repeat the test at prescribed intervals, and list as tuberculosis-free accredited herds all herds entitled to that distinction.

Very satisfactory progress has been made during the first year of the work, and prospects for the future are bright. During the year 296 herds, comprising 9,284 cattle, have been fully "accredited" as free from tuberculosis, and 1,462 herds, having 35,052 cattle, passed one successful test in preparation for certification. In addition 4,622 herds, both purebred and grade, totaling 98,002 animals, have been under supervision for the eradication of tuberculosis. Each month additional herds are added to the list.

HEIFERS DROP FIRST CALF

According to Experiment Carried on at Maryland College Thirty Months Is Best Age.

About thirty months was found to be the best age for Ayrshire heifers to drop their first calf, according to an experiment carried on at the Maryland Agricultural college. If the calves were dropped six months earlier, the milk flow was lessened considerably, but if dropped six months later the decrease was slight. This will vary for the breeds according to size; the smaller the breed type, the shorter the time. Eckles of Minnesota found that this variation would be three to five months which would bring the minimum age for Jerseys and Guernseys about twenty-five months and for Holsteins, thirty months. This is for well-developed animals.

PASTEURIZED CREAM IS AID

It Yields More Uniform Article of Butter and Helps to Improve Keeping Qualities.

The relation of pasteurized cream to butter is now recognized as follows: It yields a more uniform product, aids in producing a higher scoring butter, improves its keeping qualities; avoids undesirable fermentations and gives protection from disease germs; overcomes questionable odors, increases value of skim milk and creates a steadier market. The slight increase in cost of production, per pound, when butter is made from pasteurized cream, is more than overcome by the benefits derived from this process.

CLEANLINESS IS IMPORTANT

Cows Should Be Milked in Small-Top or Covered Pail and All Utensils Sterilized.

It is important to keep cows clean and milk them in clean surroundings. Milk them in a small-top or covered pail. All utensils which come into contact with the milk should be thoroughly sterilized with steam for at least five minutes.

STATE CEMENT PLANT IS BEING CONSIDERED

Million Dollar Institution to Combat Trusts Seen as Solution to Road Problems.

TO BE BUILT AT PENAL FARM

(By United Press.)

Indianapolis, April 18.—A million dollar cement plant at the state penal farm to combat the cement trusts is being seriously considered by Governor Goodrich, it was learned authoritatively today.

It is understood that a commission, appointed by Governor Goodrich to investigate the feasibility of the plan, the condition of the shale and limestone under the farm, reported that conditions were satisfactory for such a plant.

This matter was to be taken up by the meeting of the state highway commission today.

The Governor withheld action in road constructions because he thinks the price of \$1.80 a barrel is entirely too high. He is said to believe that such a plant will furnish cheap cement.

8-HOUR DAY FOR FRANCE

Paris, April 18.—The Chamber of Deputies last evening passed a bill establishing an eight-hour day for workmen.

Few gardeners realize the importance of pulverizing the soil as deeply as it is plowed. No matter how perfectly the surface is prepared, if the soil is coarse and lumpy below, the plants will not thrive. Large air spaces in the soil are a detriment, but a large number of very small air spaces in the soil are a benefit.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath and quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but surely on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 20c and 25c per box. All druggists.

MOLINE
UNIVERSAL TRACTOR
It Solves The Farm Help Problem

With two 14-inch bottoms, under average plowing conditions, the new Moline Universal Tractor, Model D, plows 9 acres in 10 hours, as much as ordinary 3-plow machine. The superior efficiency of the Moline Universal is due to its higher speed, 3½ miles an hour, two bottoms at 3½ miles giving the same number of plow-miles as three bottoms at 2½ miles.

Plowing at 3½ miles an hour gives ideal results, the ground being pulverized more thoroughly than at slower speeds, with less air space. Tough sod that cannot be turned at all at 2½ miles an hour is plowed with ease.

Perfect work is assured with the Moline Universal through the advantageous position of the operator, who sits on the implement, where he must sit in order to do good work. The Moline Universal is easily handled, turns short, and backs as readily as it goes forward.

Waste of time in the field is eliminated and the tractor kept at productive work a maximum number of hours a day through a complete electric starting and lighting system. The Moline Universal is the only tractor thus regularly equipped.

The secret of the speed and power of the Moline Universal lies in its perfected overhead-valve engine and two-wheel construction. The engine develops 18 horsepower at the belt, and 9 at the drawbar, every ounce of which is available for pull. There are no dead wheels to drag along that only carry weight and steer.

For plowing in extremely soft ground, the Moline Universal is equipped with a differential lock that enables the two drive wheels to be locked together, doubling their pulling power.

When plowing the land wheel is raised so that the tractor is level. The wheel is very easily and quickly raised or lowered.

The light weight of the Moline Universal, 3380 pounds, and its high clearance, 20½ inches, make it adapted for all other field work, besides plowing. With it one man can plant 40 acres a day, cultivate 20 acres a day, harvest 25 acres a day, or do any other work with equal speed. It is the ideal tractor for any sized farm, practically eliminating horses and solving the farm help problem.

Call and let us show you this remarkable machine.

Aswell Apologizes

Rep. James B. Aswell, of Louis-
iana, the man who initiated the le-
gislation that placed the wires and
cables under government control,
says he is sorry and that he will
apologize to the house for his part
in the affair. It seems that when Mr.
Aswell was working enthusiastically
for the passage of this legislation
and holding conferences upon the
subject, that it was understood that
the rates would be reduced, some
one-third and some one-half. But
now he is "disappointed and discour-
aged to note the increase of 20 per-
cent ordered on telegraph rates." He
further states that he is not "yet
ready to admit that any such in-
crease is justifiable or necessary."
While the author of the resolution
if it means increase in rates, Barle-
son glories in his little autocratic

COUGHS AND COLDS QUICKLY RELIEVED

**Dr. King's New Discovery used
since Grant was President
Get a bottle today**

It did it for your grandma, for your
father. For fifty years this well-known
cough and cold remedy has kept an
evergrowing army of friends, young
and old.

For half a century druggists every-
where have sold it. Put a bottle in
your medicine cabinet. You may need
it in a hurry. Sold by druggists
everywhere. 60c and \$1.20.

Bowels Acting Properly?
They ought to, for constipation
makes the body retain waste matters
and impurities that undermine the
health and play havoc with the entire
system. Dr. King's New Life Pills are
reliable and mild in action. All
druggists, 25c.

kingdom and swerves not in his
course of doing things as he pleases,
apparently whether they are right
or wrong. From the great cry which
has gone up every time he has an-
nounced a new policy (?) or issued
an order he must be wrong most of
the time. Certainly the new con-
gress will consider it one of the most
important pieces of work on the cal-
ender to unravel the impossible tan-
gle into which the wires and cables
have been brought under the direc-
tion of Mr. Barleson. Nothing less
than the railroad problem is more
important.

England's Labor Conditions.

Labor conditions in England and
in America are alike in character,
but very different in degree. Amer-
ica was at war a year and a half,
England over four years. So many
conditions that exist in the America
of today are greatly intensified in
England.

All the labor and all the capital in
England that could be diverted from
the mere necessities of life was
swung to munition work, shipbuild-
ing and the production of every es-
sential for the army and the navy.

Now the great body of labor is
dissatisfied with the present and un-
certain of the future. The cost of
living there as here is extremely high
Workers are unwilling to accept
any prospect of lesser wages and
capitalists are timid.

The suggestion is made that labor
itself should take some of the aban-
doned munition plants and run them,
the government furnishing the capi-
tal to refit and adapt them to other
production and to run them after
such refitting. It is proposed that
the trade unions should undertake
the task.

Autograph letter of Woodrow Wil-
son were recently auctioned in New
York. Gracious, think of the profit
to be derived from the sale of a bale
of the diplomatic notes! One three-
page letter brought \$90. Wonder if
it was the appeal to the voters made
last October.

It is to be hoped that the peace
conference will have some consid-
eration for the men who publish atlas-
es, and will come to a speedy deci-
sion on the subject of boundaries.

The new Easter bonnet is a thing
of the past. But the new Easter hat
of the present sets the husband back
quite as far as the bonnet used to.

The uncertainties of governmental
restriction constitute the chief hin-
drance to industrial activity.

A long pull and a strong pull, and
the Victory loan will be over the top.

Sap and Salt

By BERT MOSES.

Books really worth reading ac-
cumulate the most dust.

Some folks' ambition rises no
higher than to own a croquet set.

Never mind the knockers—remem-
ber the anvil outlasts a hundred
hammers.

Say "No" quickly if you will, but
take your time about saying "Yes."

Advertisers wouldn't know what
to say if the word "best" was taken
from them.

Hez Heck says: "You can always
tell whether a woman really enjoys
a kiss by the way she lets go at the
finish."

Man is the only living male thing
that wears wrist watches, and wom-
an the only living female thing that
paints its face.

Make Work Easier

Rushville People Are Pleased to
Learn How it Has Been Done

It's pretty hard to attend to duties
With a constantly aching back;
With annoying urinary disorders.
Doan's Kidney Pills have made
work easier.

So thousands have gratefully test-
ified.

They're for bad backs.
They're for weak kidneys.
Rushville people gratefully re-
commend Doan's.

Mrs. W. A. Wylie, 824 N. Arthur
St., Rushville, says: "I have had
kidney trouble and I know what a
serious complaint it is and how se-
verely one can suffer from it. My
trouble began with a dull, dragging
pain across my kidneys and over my
hips. I was unable to do my house-
work for a week and was in misery.
Others of my family had taken
Doan's Kidney Pills with excellent
results, so I got some from Lytle's
Drug Store. The pain in my back
soon disappeared."

Price 60c, at all dealers. Don't
simply ask for a kidney remedy—
get Doan's Kidney Pills—the same
that Mrs. Wylie had. Foster-Milburn

standing. A school of pharmacy in
good standing is one which pre-
scribes two years of commissioned
high school work or its equivalent as
an entrance requirement and the in-
struction in which covers a period of
not less than 50 weeks, occupying
two school years and at least two
months shall elapse between such
school years, and each school year
shall cover 250 hours of class room
instruction and 350 hours of labora-
tory practice which must include
the work outlined in the latest edi-
tion of pharmaceutical syllabus. The
act does not apply to persons who
are registered assistant pharmacists
or registered apprentice pharma-
cists.

AMUSEMENTS

Fred Stone at Princess

James Huneker, one of America's
foremost art critics, has ranked
Fred Stone as the leading comedian,
acrobatic and dancer in the country.
It was he who pointed out so trea-
santly about a year ago that Mr.
Stone's work belongs in the realm of
the fine arts, but that the elastic
Fred has brought to the American
stage a distinctive genius for fun-
making.

Now this genius has been trans-
ferred to the films and hundreds of
thousands of persons, who have
heretofore been deprived of seeing
Fred Stone, because of living such
a great distance from the metropol-
itan centers where he appeared, will
have a chance to view his rally ex-
traordinary art. His work is dif-
ficult to define; it consists of flash-
es of real acting, a humor that is
spontaneous and human, an acrobatic
skill that gives the spectator the
idea that Mr. Stone has no bones in
his body and wonderful dancing that
is absolutely individual.

In "That Well Dressed Look,"
one is shown what may be con-
sidered the latest things in frocks
and designs, directly from the stu-
dio of the internationally known Hy
Mayer, who has put his best efforts
into the conception of bringing his
clever drawings to life upon the
screen. Nothing quite like it has ever
been attempted before, and the
smartness of the entire production
will surely impress itself upon any
one who has the good fortune to see
it.

Don't fail to see "Under The Top"
which the Princess theatre is show-
ing today.

"Roped" at The Mystic

One of the most distinctive fea-
tures of "Roped," the smashing Un-
iversal attraction in which Harry
Carey is being shown at the Mystic
theatre tonight, is the excellence in
the cast in support of the star.

Although the tendency has been
general among producers to econ-
omize on productions by cutting sal-
aries or engaged lower-salaried per-
formers in supporting casts, the
Universal has maintained its usual
policy of providing absolutely the
best support possible, for its stars.
This is exemplified strikingly in
"Roped."

The role of Aileen, the eastern
society girl who marries a western
cowpuncher and learns to love him,
is interpreted by Neva Gerber, pop-
ular leading lady for all of Harry
Carey's pictures. Molly McConnell
plays the part of a dowager—Mrs.
Judson-Brown. Arthur Shirley is
Ferdie Van Duzen, a "lounge lizard"
and J. Farrell McDonald also is in
the cast.

These names are sufficient to in-
dicate the strength of the presenting
company, to say nothing of the
Harry Carey outfit of hard-riding,
hid-lifting cowboys.

Louise Glaum in "Wedlock" will
be shown tomorrow.

Advertising To the Consumer

Manufacturers doing a national or sectional business
use newspaper space because the newspaper is the uni-
versal consumer medium of advertising.

These manufacturers find it easy to get their goods
well distributed in any community through jobbers and
retailers who are willing to push products for which
there is general demand.

Newspaper advertising makes it possible for them to
reach consumers and dealers in as many or as few
communities as they wish to cover.

These communities are usually determined beforehand
by careful analysis of industrial, social and economic
conditions.

The Bureau of Advertising, American Newspaper Pub-
lishers Association, World Building, New York, has
some interesting data on hand covering this subject.
Yours for the asking.

SIXTY THOUSAND MINUTE MEN TELL THE CENTENARY STORY

Poster of Methodist Minute Men and Centenary Symbol—E. Dow Bancroft, Columbus, Director of Minute Men For the Cincinnati Area.

THE war developed no more efficient agency for the distribution of its information than the Minute Men. In brief five-minute speeches, prominent business and professional men brought to the people of every community vital messages of the critical days. A similar plan is now employed by the Methodist Centenary in its gigantic campaign for \$115,000,000 for world-wide Christian reconstruction.

Sixty thousand volunteer Methodist laymen of the United States have been organized for this special work. It would be hard to find a Methodist meeting where one of these Minute Men is not presenting in some terse manner the vital message of this great movement, which has already resulted in the formation of an inter-church federation with a momentous program for a united campaign to bring the world to Christ. Over 6,000 of these men have been enlisted in the Cincinnati area (Ohio, Kentucky, and Southern Indiana) and many enlistments are coming in every day.

The area captain is E. Dow Bancroft, for twenty-seven years, Railway Y. M. C. A. Secretary, in Columbus and more recently attached to the "Y" staff on the western front. Mr. Bancroft has typified in his life work the energy and enthusiasm which a layman can devote to Christian service. J. A. Currier, Plain City, is the Area Minute Man Secretary.

Special posters, one of which is reproduced above, call attention to these Minute Men. They have a special organ all their own called "Missiles." Its pages are a secret from

the ministry of the church for two weeks following each date of publication and it has demonstrated that a religious publication can be really "full of pep."

The formation of such a body of active laymen marks a new era in the history of Christianity and means the mobilizing of tremendous forces hitherto dormant.

METHODIST CENTENARY EDUCATIONAL PROGRAM FOR THE UNITED STATES

Probably the greatest educational campaign ever undertaken by a church is that now being launched by the Centenary Movement of the Methodist Episcopal Church and the Methodist Episcopal Church South, which together plan to raise \$150,000,000 for missionary work, at home and abroad. More than \$14,000,000 will be spent on schools and teachers for the untaught children of the world, and instruction for grown people who had little or no schooling in their youth. Of this sum a considerable amount will be spent on educational work in our own United States.

Of the foreign-born white people in this country more than 12 per cent are illiterate; of the Negroes, over 30 per cent; of the Japanese, over 9 per cent, and of the North American Indians over 45 per cent. In many cases, especially that of the older foreign-born, the Church can teach these people to speak English, to read and write, and to understand American customs and laws, when the public school does not reach them.

High School Notes

The track team is practicing hard for their first meet which will be with Connersville May 2. Twenty-five suits were ordered and it is hoped that a good number of the boys can qualify in order to enter in the sectional meets.

The Junior High School was entertained Friday afternoon with the second of a series of student programs. Louise Innis, 8A, gave several readings; Marion Kinsinger, 7A, played two beautiful violin solos and Leona Fletcher, 8A, showed that she had an excellent voice in her solo, "The Rose of No-Man's Land."

Since the school was responsible for bringing the I. U. Glee Club here it was thought that it would be especially appropriate for the Boys Booster club of R. H. S. to be the ones to see to their welcome. When the club arrived in town Wednesday afternoon at 3:55 over the C. I. & W., they were met by about fifteen boosters, each in a machine. They were then taken to the auditorium where they left any baggage that they happened to have and from thence to the homes of the people that were to entertain them. All the boys asserted that they had received better treatment here than anywhere else. The club left at 11 o'clock Thursday morning for Greenfield where they were to give a concert at night.

The I. U. Glee Club concert Wednesday night was one of the best ever given in Rushville by a college

glee club. It was attended by a small but appreciative crowd. Every number was rendered in true professional style with plenty of good encores composed mostly of popular songs. Two good numbers, both of them encores were "Mickey" and the favorite of other days, "Sweet Rosie O'Grady." The best numbers by the club, however, were "Swing Along," followed by "I'm Always Chasing Rainbows." Dwight VanOsdol did some whistling in the latter which rivaled that of Harry Fox, the comedian for whom the song was originally written. The blackface specialty by Reed & Daily took well, the flute and vocal solo's were extra good, and the steel guitar number by Mr. VanOsdol was given in his usual good form. The hit of the evening though was Johnnie Johnson's in his imitation of various pianos and pianists. The concert closed with college songs.

BOY RAISES FINE PORKERS

Fairland, Ind., April 18.—Samuel Tomlinson, 17 years old, of Fairland, sold a truck load of hogs at the Indianapolis live stock market Tuesday for \$20.85 a 100 pounds. He is a member of the agriculture class of the Shelbyville High School and has been raising live stock on rules given at the school. Members of his family have sold \$12,000 worth of live stock in the last year.

BIG PLANT WILL RESUME

New Albany, Ind., April 18.—The Ohio Falls Iron Works, employing 1,000 men, which has been idle some time, will resume operations in all of its departments, with day and nights shifts, next Monday, it was announced at the mill.

Society

Mrs. Bert Mullin was a delightful hostess to the Auction Bridge club yesterday afternoon at her home in North Perkins street. The afternoon was devoted to playing bridge and at the close of the playing a delicious luncheon was served to the guests.

Miss Mary Elizabeth Roots, the daughter of Peter Roots and Robert G. Stanley, mail carrier, both of Connersville, were quietly married yesterday afternoon by the Rev. C. S. Black, at the M. E. Parsonage. They will reside in Central Avenue, Connersville.

A large crowd from this city attended the dance given in Shelbyville last evening at the Elk's club rooms. The 139th regimental band furnished the music throughout the evening. Among those who attended from here were Mr. and Mrs. Walter Capps, Mr. and Mrs. Walter Hubbard, the Misses Margaret Hubbard, Laverne Conway, Gladys Bebout and Louise Hogsett, and Earl Osborne, Halbert Brown, Robert Conway and Alfred Norris.

Members of the Daughters of the American Revolution met yesterday afternoon at the home of Mrs. Will Dill in North Morgan street. At the business session the members decided to continue knitting for the soldiers, and to support the two war orphans, which they have adopted, for another year. A report was also made by the war committee of the chapter of the work done during the war. At the social hour Miss Wanda Wyatt and Mrs. Georgia Moore sang a duet and a paper was read on "Our Ancestor, John Lewis," by Mrs. Will Dill. Light refreshments were served at the close of the evening.

Wednesday evening an "egg-clicent" time was had when the Victory girls class of the Milroy Christian church entertained the Young Men's class taught by the Rev. W. R. Cady. A few other guests were also entertained. Mrs. Della Downs, Mrs. Nettie Kinnitt and Clarence E. Brown. They came in response to a very unique invitation to attend an egg social. At eight-thirty the young people gathered at the church and were delightfully entertained throughout the evening with various games, the first being an egg hunt. Each guest being provided with a basket, proceeded to collect the eggs that were hidden around the rooms. The most successful couple in the hunt was Russell Kinnitt and Della Downs. Other contests followed that were greatly enjoyed, in which Clarence Brown, Rowena Kennedy, the Rev. Mr. Cady and Ruth Marsh carried away the honors. At the close of the contests a two course luncheon was served.

PRE-EASTER SERVICES AT ST. MARY'S CHURCH

Principal Meeting of the Series Will be Held Sunday Morning at Eight O'clock.

K. OF C. WILL BE PRESENT

The pre-Easter services of the St. Mary's Catholic church will be conducted by the pastor, Rev. M. W. Lyons. Good Friday services will be observed tonight at 7:30, consisting of "The Way of the Cross," brief commentary, chanting of the "Lamentations of Jeremias," and the "Benedictus." The chanters will be Paul Lagrange, Mark Purcell, Leo King and Francis Moormann.

Easter Sunday, Holy Communion will be given at 6:30 a. m., followed by Masses at 8 and 10 a. m. The principal service of Easter Sunday will be at 8 a. m. when the Rushville Council of Knights of Columbus and the Holy Name society will attend in a body. At this time the choir will sing Korman's St. Rita's Mass with orchestral accompaniment. The soloists will be Mrs. Paul Lagrange, Miss Irene Beardon and Mark Purcell, with Paul Lagrange as director. The choir will be assisted in the orchestral accompaniment by A. P. Wagoner, Jesse Stevens, Omer Cole and E. E. Perin.

WAR VETERANS ARE URGED TO ORGANIZE

Continued from Page One national organization of veterans of the world war. Men who have been active in the organization of returned service men in Indiana say it is imperative that a state organization be completed at once in order that Indiana may be ably represented at the national caucus of world war veterans called by Lieut. Col. Theodore Roosevelt, Jr., at St. Louis, May 8, 9, and 10th, for the purpose of completing a national organization of veterans of the world war.

Although no names have been mentioned it is probable that Maj. Gen. Omar Bundy, the illustrious Hoosier, who has been named by some critics, the real hero of Chateau-Thierry, will be the first president of the Indiana state organization of veterans of the world war, if his duties as commander of Camp Lee, Va., will permit his acceptance of the honor. In any event he will be named an honorary officer of the organization pending his retirement to private life.

WOULD AUTHORIZE FARE FOR SOLDIERS

Continued from Page One of the council and told how each man was chosen because he headed his profession in the state, and said that whatever credit was coming to him lay in his fortune to be able to get together such a band of men.

Those who attended the banquet were Will H. Hays, Michael Foley, Thomas Taggart, Will G. Irwin, Evans Woolen, H. R. Kurrie, Sam T. Mardock, Dr. C. P. Emerson, Dr. A.

B. Philpott, Will Freeman of Terre Haute, Charles Fox, E. M. Hinshaw, Mrs. Anne Studebaker-Carlisle, Isaac D. Straus, Judge William Sparks of Rushville, Dr. A. B. Storms, Walter Carpenter, Frank Wampler and Thomas J. Wilson.

A telegram from Grosvenor B. Clarkson, director of the United States Council of National Defense, which was sent to the Governor, was read. Mr. Clarkson paid the Indiana body the compliment of saying it was one of the first in the country in achievement.

FAMILY GETS HAYS ESTATE

Sullivan, Ind., April 18.—The will of the late John T. Hays, which has been filed for probate in court here, bequeaths his estate, valued at \$100,000 to his widow and four children. His two sons, Will H. Hays, Republican national chairman, and Hinkle C. Hays, are the executors.

PRAISED BY GIBBONS

New York, April 18.—Cardinal Gibbons praises the war work of the Salvation Army here and abroad in a letter made public last night by former Governor Charles S. Whitman of New York, chairman of the national committee of the Salvation Army Home Service Fund.

REQUEST FOR A NEW POOR FARM PASSED

Continued from Page One Hooker Wilson's farm in Ripley township. All other bridge appropriations were allowed as requested by the commissioners.

New bridges to be built and the appropriations are as follows: Mart Beaver bridge, \$650; Porter bridge

south of Charlottesville, \$350; James Smith bridge, \$1,200; Vern Smith bridge, \$600; Winship bridge, to be constructed of wood, \$10,000. An estimate of \$12,500 for a concrete bridge was also submitted.

Bridge repairs to be made and the appropriations allowed follow: C. H. Kelso bridge, Rush-Franklin county line, \$300; Elmer Morris bridge,

Rush-Fayette county line, \$150; Downey bridge abutment, \$800; Williams bridge abutment, \$1,000; retaining wall at O. C. Norris bridge, \$1,800.

A Remarkable Gathering Of Spring Merchandise For Saturday's Easter Shoppers

TOMORROW—the last day before Easter, we expect to break all selling records, and in order to accomplish our purpose, we've gathered a host of values that will appeal to hundreds of economical buyers who appreciate the very highest grades of merchandise.

The Easter STORE for WOMEN

In many instances you will find our prices surprisingly low, the result of many special buying concessions. We invite your inspection and are sure that you'll be pleased to make your selection here.

Early Comers Will Fare Best!

MAUZY'S--Home Journal Patterns

54 inch All Wool Navy Blue Serges for Capes \$2.00, \$2.50, \$3.00
50 inch Fancy Wool Plaids for Skirts at \$1.50 yard

Your Easter GLOVES

To be properly attired on Easter morning, everything down to the tip of milady's gloves should be in perfect accord.

HERE ARE THE GLOVES OF CORRECT TYPE

Van Raalte Silk Gloves—three clasps, double tipped, fine tucked cuffs, buttons at side, in white, black, gray and pongee—\$1.50.

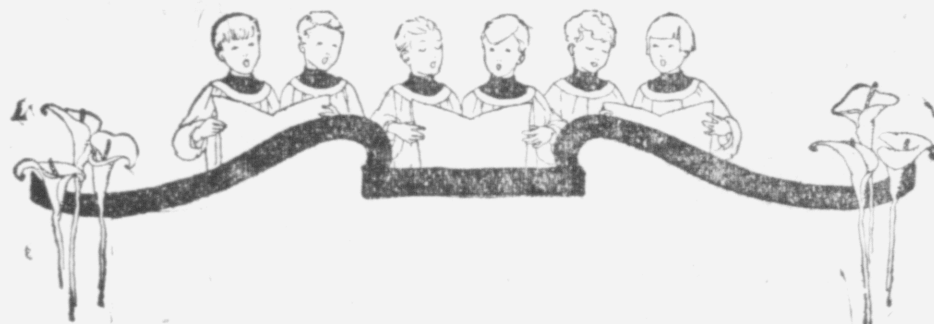

Van Raalte Silk Gloves, two clasp, double tipped, white cuffs embroidered in black—\$1.35.

Handsome New Easter Clothes

Spring garments were never more beautiful—their loveliness will take you by storm. With such insistent demands for suits, our response brings you the most wonderful suits in our history. The styles

vie with one another in their appeal to your fancy. Then there are scores of pretty capes and dolmans in a multitude of models—one to please you we are sure. Gorgeous Easter frocks of georgette, taffeta, crepe de chene and jersey will meet your hearty approval. Altogether, so matter what your needs may be in raiment ready-to-wear, Mauzy's presents a bounteous and plentiful assortment of Spring-time's offerings.

Easter Stocks of Bewitching Character

The Easter stocks that we have assembled are in perfect harmony with this happy season; here will be found styles and suggestions for your Easter costume which will give you that assurance of "that well-dressed look" on Easter morn.

Easter Gifts and Jewelry

Are synonymous. It is most popular for Easter giving and need not be expensive either.

Choose from our "Little Paris Shop" your gift—be it necklace, hat pins, ear rings, solid gold lingerie clasps, brooches and many things too numerous to mention.

Beads—never more popular than at this Easter season.

Colored Silk Umbrellas

—to set off that new Easter suit and hat. The Silk Sun or Rain Umbrella in colors is as necessary to your attractive appearance on Easter as your new gloves, pumps or frock. You will delight in the rich color—harmonies of their silk covers with your costume. Novelties in handles of Bakelite or French Ivory with tips and ferrules to harmonize.

Easter Silk SPECIALS:

\$2.25 Foulards in all colors at \$1.50 a yard.
\$1.25 Poplins, countless shades at 89c a yard.
Other Foulards at \$2.00 to \$2.50 a yard.

THE MAUZY COMPANY

Silk Hosiery in Colors -- MAUZY'S

Stirrup and Silk Bags

Smart, are the shapes of our black Moire Silk Bags, self-covered and metal frames, all finished with black silk tassels. A new display in prices from \$1.50 to \$7.50. You will find other bags in the stirrup shape handle, black leather, superior quality and smart in appearance. You need this to complete your Easter outfit—\$5.00.

Correct Easter Footwear

There is no need to emphasize the important part a neat pair of oxfords or pumps plays in the accomplishment of correct dress at Easter time. There is a genuine pleasure we experience in knowing we are correctly shod. We have an abundance of beautiful models from which you may choose. Footwear from this store will insure you that confidential feeling that you are properly attired in the Easter parade.

Easter and Spring Silks

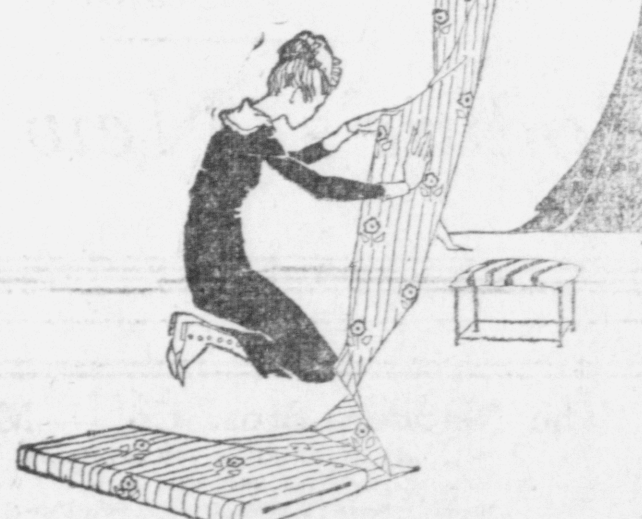

The fashionable Easter Silks are here in all their splendor. Our collection was never more complete and never more beautiful. Choosing from such a collection is a pleasure, a decided advantage to women planning clothes of character and individuality.

Figured Georgette—the very latest creation in our silk department—you cannot fail to be pleased with these beautiful patterns.

BARONETTE, PLAIN & BROCADED

An exquisite fabric for Spring and Summer Skirts. After seeing this material you will be charmed with its loveliness. In beautiful shades of Rose, Navy, Ocean Blue, Grey and Tan at \$5.00 a yard.

MOIRE SILKS—shown in colors of Dark Blue, Olive, Drab and Black. Quite serviceable.

Vitality

VIM, VIGOR—"PEP"—the great needs of today, when men and women should have strength, fortitude and cheerfulness—these are denied the poor sufferer from kidney and bladder trouble.

That awful tired feeling, heaviness, languidness, soreness, stiffness, backache, rheumatic pains, lumbago, painful bladder weakness and other symptoms soon disappear when the kidneys are strong and healthfully active.

F. B. JOHNSON

Ruptured 21 Years Finds Relief At Last

This is the experience of Mr. Theo. C. Jarvis, 820 W. Fifth St., Rushville, Ind., well known Interior Decorator. Mr. Jarvis had tried every kind of truss he could hear of without the slightest benefit. His double rupture became steadily worse. Finally he found something that really helped him, something that promises speedy relief. He feels so grateful that he wants every ruptured person to know about his discovery. Mr. Jarvis has nothing to sell. He simply wants to help other sufferers. Call at his home or write him and he will gladly give you the benefit of his experience and will not charge you a penny.

Public Sale Dates

If you contemplate holding a sale I will appreciate your date as soon as possible as you will note by this ad that I am constantly giving your sale that same broad advertising that I have always given in the past.

CLOSING PROGRAMS OF PRE-EASTER SERVICES

The closing program of the pre-Easter services held this week by the Women's Missionary society of the Little Flatrock Christian church, will be conducted at the church Sunday morning at eleven o'clock, and in the evening at 7:30 when the Mission Band will be in charge. The morning program follows:
"Life Triumphant Over Death."
Song—"Whom Having Not Seen I Love."
Song—"The Great Physician."
Prayer—Luella Stewart.
Scripture—John 20: 1-21.
Talk—"On Rainbow Posters"—Alta Smith.
Solo—Beryl Barber.
Address—Stanley Sellick.

TWO HOOSIERS ARE LISTED

Day's Casuals Number Eighty-One as Reported by General

Washington, April 18.—The following casualties are reported today by the commanding general of the American Expeditionary Forces: killed in action, 1; died in aeroplane accident, 1; died of accident and other causes, 6; died of disease, 13; wounded severely, 5; wounded, degree undetermined, 5; wounded slightly, 50; total 81.

Two Hoosiers were in the list as follows:

Wounded slightly—Sergt. Virgil G. Morgan, Logansport; Sergt. Arthur Murphy, Huntington.

Mr. and Mrs. Arthur Trennepohl are moving from 1016 West First street to 624 West Third street.

DARTING, PIERCING SCIATIC PAINS

Give way before the penetrating effects of Sloan's Liniment

So do those rheumatic twinges and the loins-aches of lumbago, the nerve-inflammation of neuritis, the wry neck, the joint wrench, the ligament sprain, the muscle strain, and the throbbing bruise.

The ease of applying, the quickness of relief, the positive results, the cleanliness, and the economy of Sloan's Liniment make it universally preferred.

Sloan's Liniment Kills Pain
30c, 60c, \$1.20

EASTER SERVICES IN THE CHURCHES

Special Programs in Observance of the Day Will be Given by Most Congregations.

TWO ARE ANNOUNCED TODAY

Vesper Service at First Presbyterian and Sunday School Program at First U. P. Church.

Easter will be observed in all Rushville churches and most of these in the county, with special services. An Easter vesper service will take place at the First Presbyterian church Sunday afternoon at 4 o'clock and the Easter program of the First U. P. church will be at the regular Sunday school hour. The Main Street Christian church will observe Easter with a Sunday night program and a special effort is being made to have 1,000 present at Sunday school. Programs announced today follow:

Program for First Presbyterian Vesper Praise Service, Sunday afternoon 4 to 5 o'clock:

Organ Prelude—Miss Lucile Linn.
Hymn, "Come Thou Almighty King."
Hymn, "Christ the Lord is Risen."
Chorus, "Light Out of Darkness"—Junior Choir.

Duet, Misses Helen Pearson and Margaret Herkless.

Hymn "All Hail the Power of Jesus Name."

Scripture story from Gospel of John Chorus, "Risen Indeed,"—Junior Choir.

Prayer of Thanksgiving.

Offertory—Miss Linn.

Solo, "Christ Arose"—Mrs. Agatha Ward.

Five minute talk by the pastor.

Solo—Miss Bernice Kelso.

Chorus, "Easter Bells," from "Light Out of Darkness"—Junior Choir.

Hymn, "Hark Ten Thousand Harps and Voices"—Postlude by Miss Linn.

Benediction.

Preaching Service, conducted by the Pastor Rev. John T. Aikin.

WET WEATHER

may delay you in your CORN PLANTING and if it does, do not forget that we can supply you with Four tools that will make up for lost time. Disk Harrows will help you. Soil Pulverizers are what you need and you don't want to take any chance on a Corn Planter when Corn is worth \$1.75 per bushel. Be sure you have the Right planter and there is only One Right One, and that is the C. B. & Q. and the Bean and Pea attachment is only \$2.50 extra and you can plant your beans and peas where you want them with no hit and miss about it. Automatic Marker that you never touch from the time you go in the field until you drive out. Now don't forget that these planters are the newest ones out and when you see it you will appreciate what it is.

CORN PLOWS, well, our One Row is the Only plow that you can plow with and make every adjustment in an instant without even getting out of the seat and with out a wrench of any kind. Be Sure and see this cultivator before you buy one or you will be sorry. Our Two-Row Plow is lighter Draft. Let us show you why. See our Spring Tooth and Spike Tooth Harrows. Manure Spreaders with Straw Attachment, and in fact every tool known to make your crops pay you more money. If the weather continues wet, you may want a Tractor. We have them here on the floor, as well as Trucks of all sizes. Both the McCormick and Deering Harvesting tools, Keystone Hay Tools, in fact Everything you need to farm with. We Will Appreciate a Friendly Visit From You.

FARMERS SUPPLY CO.

WILL. M. SPIVEY

AMERICA'S IMMORTALS

LOUIS CUKELA, Lieutenant, 5th Regiment, U. S. M. C.

Lieutenant Cukela was decorated for conspicuous gallantry near Villers-Cotterets, France, July 18, 1918. When his company, advancing through a wood, met with strong resistance from an enemy strong point Lieutenant Cukela, then a sergeant, crawled out from the flank and made his way toward the German line in the face of heavy fire, disregarding the warnings of his comrades. He succeeded in getting behind the enemy position. Rushing a machine gun emplacement, he killed the crew with his bayonet. With German hand grenades he then bombed out the remaining portion of the strong point. His home is in Minneapolis, Minn.

Expectant Mothers View Event Calmly

Time Brings Knowledge That by Use of Penetrating Remedy Suffering is Avoided.

Thousands of women have found by the application of Mother's Friend, the penetrating external remedy, prepared especially for expectant mothers, that pain and suffering at the crisis is avoided and that in addition the months preceding the crisis are free from nervousness, nausea, stretching and bearing-down pains and general discomfort. Mother's Friend makes it possible for the expectant mother to herself actually aid nature in the glorious work to be performed, and no woman should neglect to give nature a helping hand. It will mean infinitely less pain and the hours at the crisis will be less. The period is one of calm repose and restful nights.

By the use of Mother's Friend the skin is kept soft and natural, and experienced mothers say that it is much better to keep your health and good looks during the period of expectancy than to try to regain them afterward. Write the Bradfield Regulator Company, Dept. G, Lamar Building, Atlanta, Georgia, for their interesting Motherhood Book, and obtain a bottle of Mother's Friend and be glad to use it once.

There won't be enough Fordson Tractors to go 'round!

THE demand for the Fordson tractor is so great that it will be a long time probably before everyone will be able to get one. Therefore, if you are looking for a tractor and wish a Fordson you should see us at once.

The Fordson has more than fulfilled expectations. With its economy—efficiency—durability—it is ideal for the average farm.

Burns kerosene—has special air washer—and all moving parts are enclosed—there is practically nothing to cause trouble.

Use it with the Oliver No. 7 Plow

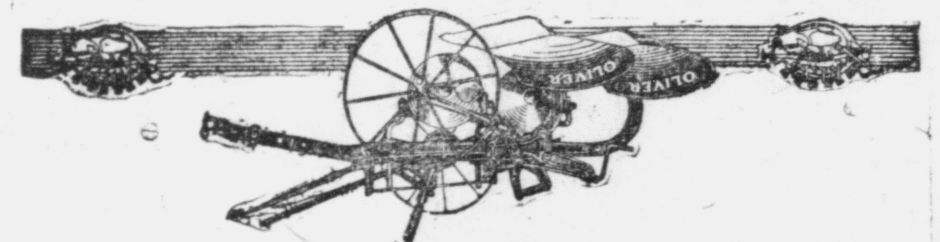

Here are some of the big Oliver features: The combined rolling coulter and jointer buries all stalks, weeds and trash at the bottom of the furrow; and the stop device maintains an even depth of furrow. The best plow for your Fordson—that's the Oliver.

Come in and let us show them to you.

With The Churches

+Glenwood United Presbyterian church:—The Bible school will meet at 1:30 p. m. There will be preaching at 2:15.

+Elder Walter King of Indianapolis will preach at the Primitive Baptist church Saturday evening at 7:30 o'clock and at the regular services Sunday.

+First Baptist church, Sunday services: Sunday school at 9:30. A short program of Easter music and a few appropriate selections will be given by the children at the Sunday school hour. Public worship at 10:45 a. m. and 8 p. m. Subject for the morning sermon, "The Purpose of God Revealed in Christ," theme for the evening sermon, "The Joy and Hope of Easter." Baptist Young People's Union will meet immediately preceding the preaching service. All are welcome to these services.

+St. Paul's Methodist Episcopal Church:—Services for Easter Sunday: Sunrise prayer and praise service at 6 a. m.; Sunday school at 9:30; divine worship at 10:30; pastor's sermon topic, "Meditation by the Open Sepulchre." Junior League at 2:30; Epworth League at 7; special Easter program by the Sunday school at 8 o'clock. The Easter offering of the school to Missions will be made by classes at this service. Everybody is cordially invited to be present.

+First Presbyterian church: 7 a. m., Quiet hour; 9:15 a. m., Bible school, M. V. Spivey, supt., with splendid Easter program during the last part; 10:30 a. m., Divine worship, sermon, "The First Fruits of the Resurrection," with splendid Easter music; 4:55 p. m., annual Easter Vesper Praise Service, consisting of special musical program, as announced elsewhere. Thursday 7:30 p. m. Prayer Meeting.

+The Rev. P. O. Ort, pastor of the Homer Christian Union church, has returned from a trip through the west, and will occupy the pulpit at Homer Sunday morning and evening. At 11 a. m. he will preach on the subject, "Easter in Reality," and in the evening at 8 on the topic, "The Voice of Triumph." Both addresses will deal with present day possibilities.

+All the services at the Main Street Christian church will be given to the Easter spirit. At 9:15 the Bible school and at 10:30 Rushville Commandery No. 49, Knights Templar, will attend in a body and the past will speak on "The Grave in the Garden." The Juniors will meet at 2:30, the Christian Endeavor Society at 6:30 and at 7:30 a special program of music and recitations will be given by the Bible

school. Thursday at 8 o'clock the regular mid-week service will be led by B. E. Miller.

+At the First United Presbyterian church, the Bible school will meet at 9:30 after the lesson period. At 10:25, the school will meet in the auditorium of the church, and an Easter program, under the direction of the superintendent, B. L. Trabue, will be given by the children of the primary and junior departments. This will be followed immediately by the preaching service, in which the pastor's theme will be "The Resurrection of the Body."

The Young People will carry out a special Easter program at 7 o'clock, with Miss May Cheek as leader. At 8 o'clock there will be public worship, sermon subject, "Mary's Easter Message." In all these services of the day special music will be rendered by the choir.

Congregational prayer meeting on Thursday evening at 7:30.

Library Notes

(By MARY SLEETH, Librarian)
Your Job at Home

Now that the war is over, and you are back home, the next thing to tackle is your job. Books will help you get that job, or brush up on the one that has been waiting for you.

There are books on every trade and profession at which men have worked. Some of them tell of successes, some of failures. Read and learn how to succeed in your work.

These are a few of the lines in which competent men are needed.

Accounting, Advertising, Automobile work, Banking, Building, Business, Drafting, Electrical Work, Engineering, Farming, Foreign Trade, Journalism, Machine Shop Work, Railroad, Salesmanship, Seaman, Shop Sheet Metal Work, Shipbuilding, Telegraphy, Telephone, Tool-making.

The Rushville Public Library has books on most of these subjects, and will buy more if there is a demand for them. Each day we will publish a list of the very best books to be had on one of these subjects.

The Wide Awake Class of the Methodist Sunday school will hold an exchange Saturday, Apr. 19, in the Record restaurant room. 3141

A. B. NORRIS

IN THE SPRING

When Energy and Vitality are Lowest, then—Influenza!

(By S. C. BOWER, M. D.)

At this time of the year people feel weak, tired, listless, their blood is thin, they have lived indoors and perhaps expended all their mental and bodily energy and they want to know how to renew their energy and stamina, overcome headaches and backaches, have clear eyes, a smooth, ruddy skin and feel the exhilaration of real good health tingling thru their bodies. Good, pure, rich, red blood is the best insurance against ills of all kinds. You are apt to suffer from an attack of Influenza if your health is run down.

Purify the blood and you can defy influenza. This is the time to clean house and freshen up a bit.

Drink hot water a half hour before meals, and for a vegetable tonic there's nothing better than Dr. Pierce's Golden Medical Discovery, the old-fashioned herbal remedy, which has had such a fine reputation for fifty years. It contains no alcohol or narcotics and is made into tablets and liquid. Send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. for trial package.

Milwaukee, Wis.—"For the last twenty years I have used Dr. Pierce's Golden Medical Discovery at times, as a general tonic, with excellent results. One bottle in the spring and one in the fall is usually sufficient. It has given me added strength and endurance and has greatly aided me in following the strenuous life of a freight handler. I have also found the 'Pleasant Pellets' very beneficial in mild action."

"I have been through Dr. Pierce's Invalids' Hotel and Surgical Institute at Buffalo, N. Y., and have found everything as represented. The pictures given of their buildings are genuine."—John W. McLean, 123 Wisconsin St.

New Home

on the arm, and in the legs. The machine with the beveled gear driving mechanism, the most expensive to make, most positive, most perfect, most durable driving gear known. The machine with all moving parts made from steel and fitted like the works of a watch. The machine in de-esperty for this average work of the home. The warranty never expires.

Selected by Us to Give You Quick Service

Uniform Tires

Mean Long-Distance Millers

They Look Alike and Wear Alike

MILLER TIRES are built by men who are trained to a championship standard. Only by uniform workmanship, can tires ever be uniform in mileage like the Miller. To train men to our perfection takes much time. We cannot supply all dealers with Miller Tires.

So our policy is to concentrate, as a rule, on the dealer in each locality who will give Miller Tire users exceptional attention. That governed our choice in this city.

We chose a concern that knows that to give real service it must first of all carry a full stock of sizes, so that when you want a Miller Tire in a hurry, you can get it without waiting.

We are impressed especially with their ability to give motorists an expert repair service, and by their reasonable charges.

Before making this selection we canvassed the local field thoroughly. And the Miller agents here are making good with us by making good with you. Are you getting the benefit of what they have to offer?

Frail, Sickly Children Improve Rapidly on Vinol

The reason we so strongly recommend Vinol for frail, sickly children is because it is a non-secret remedy which contains Beef and Cod Liver Peptones, Iron and Manganese Peptonates and Glycophosphates—but no oil—the very elements needed to build them up. It is delicious to the taste, and children love it.

These Two Mothers Have Proved This.

Bainbridge, N.Y.

"My little daughter, 13 years old, overworked and was run-down, tired all the time, nervous, had headaches, couldn't eat and had to stay out of school. Vinol has built her up. She has a good appetite, no more headaches and has returned to school again."—Mrs. Lester Andrews.

Williamson, W. Va.

"My little boy was weak, puny, and tired all the time, did not want to do anything. Vinol was recommended and it built up his strength and made him healthy. Now he romps and plays like other children. We certainly believe in Vinol for children."—Harley Clay.

Starving in the Midst of Plenty

Acid-Stomach Steals Strength and
Good Feelings From Millions

One of the worst features of acid-stomach is that very often it literally starves its victims in the midst of plenty. And the strange thing about it is that the people with acid-stomachs seldom know what their trouble really is.

No matter how good or wholesome the food may be, or how much they eat, they do not gain in strength. This is clearly explained by the fact that an acid-stomach cannot properly digest food. Instead of healthy, normal digestion, the excess acid causes the food to sour and ferment. Then when this mass of sour, fermented food, charged with excess acid, passes into the intestines, it becomes the breeding place for all kinds of germs and toxic poisons, which in turn are absorbed into the blood and in this way distributed throughout the entire body. And that is exactly why it is that so many thousands of people eat and eat and keep on eating and yet are literally starving in the midst of plenty. Their acid-stomachs make it absolutely impossible for them to get the full measure of nourishment out of their food. And it doesn't take long for this poor nourishment to show its ill effects in a weakened, emaciated body.

You may say: "My stomach doesn't hurt me." That may be true because many victims of acid-stomach do not actually suffer stomach pains. Then again, there are millions who do suffer all kinds of aches and pains—headaches, rheumatic twinges, gout, lumbago, pains around the heart and in the chest—who never dream that an

acid-stomach is the real cause of the trouble.

Naturally, the sensible thing to do is to strike right at the very cause of this trouble and clean the excess acid out of the stomach. There is a quick, easy way to do this. A wonderful new remedy quickly removes the excess acid without the slightest discomfort. It is EATONIC. Made in the form of tablets—they are good to eat—just like a bit of candy. They literally absorb the injurious excess acid and carry it away through the intestines. They also drive the bloated out of the body—in fact you can fairly feel it work. Make a test of EATONIC in your own case today. Get a big box of EATONIC from your druggist. See for yourself how surely it brings quick relief in those painful attacks of indigestion, bitter heartburn, belching, disgusting food repeating, that awful bloated, lumpy feeling after eating and other stomach miseries. Banish all your stomach troubles so completely that you forget you have a stomach. Then you can eat what you like and digest your food in comfort without fear of distressing after effects.

If EATONIC does not relieve you, it will not cost you one penny. You can return it to your druggist and get your money back. So if you have the slightest question about your health—if you feel you are not getting all the strength out of your food—if you are not feeling tip-top, ready for your work, full of vim and vigor—do give EATONIC a fair trial this very day and see how much better you will feel.

EATONIC
FOR YOUR ACID-STOMACH

PRUNES AND BATHTUBS SENT EUROPE BY U. S.

American Habits Being Acquired
Abroad, According to Reports
From Exporters

LEARNING FROM THE YANKS

(By United Press.)
Washington, April 18.—From bathtubs to chewing gum, Europe is acquiring American habits.

The chewing proclivities of the Yanks—both as regards gum and tobacco—and their natural propensities toward bathing apparently have affected the French and British if export figures tell anything.

Some 3,500 miles of chewing gum—if the sticks were placed end to end—or approximately 735,000,000 chews have been exported from the United States since the armistice was signed. Commerce department figures reveal. Additional chews have been sent across in the form of \$1,000,000 worth of plug tobacco since the armistice.

The bath-tubs shipped numbered 1183—or about two miles of 'em—the figures show.

Even the American boarding-house prune habit has hit Europe. 4,135,776 pounds of dried prunes having been shipped to various European countries since the armistice.

THEATRE PRICES TO GO UP

Taxes Will be Raised Next Month on
Owner of Shows.

From all indications the theatre goers will be compelled to pay higher prices for the privilege of seeing motion picture shows after the first of May as the tax will be raised on the theatre owner. Instead of the \$50 a year he has been paying in the past, he will be compelled to pay a tax of \$100 and also a 5 percent tax on every film that he shows. City houses have already raised their prices and from all indications the prices in the local theatres here will be raised after the first of next month.

5 KILLED IN RIOTING.

Rome, April 17.—Five persons were killed and several wounded during the Socialist demonstrations here today. Twenty-four hour strikes have been declared in Milan, Turin and Genoa.

FOREIGN LANDS ASK FORESTS BE REBUILT

Europe is Anxious to Start a Seed
Exchange With the United States
at Once.

LANDS TO BE REFORESTED

(By United Press.)
Washington, April 18.—Flood-stricken China wants seeds from the United States, for an active policy of reforestation has been started. With this in view, it is anxious to start a system of seed exchange with the United States. Request for co-operation has been received by the American Forestry Association from Forsythe Sherfesse, adviser in forestry of the Ministry of Agriculture and commerce, Peking. This work is to be inaugurated along the line of the Peking-Hankow Railway.

P. S. Ridsdale, secretary of the American Forestry Association, has been notified by Sherfesse of the kinds of seed China has to exchange for those which are needed there.

Plans for the help which is to be rendered to France, Belgium and Italy by the American Forestry Association in reforesting their devastated areas, are now under way. Secretary Ridsdale has recently returned from Europe.

"No finer memorial can be erected by the American people," he said, "than large tracks of forest in Europe to take the place of those which helped to hold the Hun back from Paris. Inquiries and offers of co-operation are coming in from all over the country. About one and one-half million acres of forest in France have been destroyed by shell fire or used for military purposes and practically all of Belgium's forests having any timber value were cut down by the Germans. Fully 450,000 acres of Britain's forest—one half of her total forest area—went for war work."

Out of twenty Minnesota farms used prior to the war to obtain information relative to farm-operation costs, only one farm was found where there were sufficient vegetables—other than potatoes and beans—to make inventory. All this has now been changed.

HELPFUL TO CHILDREN

Mrs. Geo. Peffly, Van Buren, O.—"Have used Hull's Superlative last two years as family medicine. Always relieves my children of La Grippe, colds, bilious fever spells." Your druggist has Hull's Superlative.—(Adv.)

HOUSES FOR SCOTCH WORKERS PUT IN PARK

Homes Were Made of Wood in Michigan and Then Shipped to That Country.

SOLD THROUGH THE RED CROSS

(By United Press.)
Dundee, Scotland, Mar. 28. (By Mail.)—Municipal houses for workers have been established in public parks here.

The houses, which are of wood and are portable, were made in Kalamazoo, Mich., and were sold to the Dundee city council through a newspaper advertisement by the American Red Cross, who found them "white elephants". It had been intended to use them as auxiliary hospitals.

The houses are fifty feet by twenty and were bought by the city council when new factories caused an influx of workers who overcrowded Dundee.

Each house is divided into five separate houses of two rooms, the size of the miniature house being ten feet by twenty. Each worker is charged \$1.25 a week rent. All are rented.

Inward Satisfaction Vs. Outward Evidences of Anxiety

Outward evidences which advertise the average motorists' anxieties are noticeably absent from the FRANKLIN SEDAN—radiator blanket, water thermometer, alcohol fumes, spare tires, shock absorbers.

Contrast the advertised worries of other motorists with the inward satisfaction of the FRANKLIN SEDAN owner. No water to boil or freeze—177 parts incident to water cooling eliminated. Half as many tires to buy—blowouts and punctures almost unknown. More miles per day and more days per year than other motorists get.

When you buy a FRANKLIN SEDAN you buy a clean bill of performance with freedom from many common worries, big and little.

Shaft-Drive Planter

WHAT a feeling of satisfaction it is to pull into the field that you spent so much time and work on and just drive and drive with that click, click, click of the dropping kernels never ceasing until you raise the marker for the last time, and you haven't had a bit of trouble!

Here is a planter that does the corn planting on time, no delay, and with as much accuracy as any other planter you can buy.

The Janesville Shaft-Drive Planter does away with all springs, dogs and gumming-up and clap-trap fixings that may hold you up just long enough when they get out of order to let a spring rain throw you back a week. The secret is in the shaft drive. It runs in a bath of grease, free from dust and gumming.

Change as you go along, without stopping, two, three or four kernels in a hill. A foot lever throws it from a check planter to a drill planter.

Equipped with sight feed—you see every hill as it drops. Fertilizer or Cow Pea attachment can be attached.

FEAR OLD OFFICERS PLAN AN UPRISING

Germany's Militarism Danger Comes From 75,000 Officers and Old Men

WANT OLD REGIME BACK

This is What Radicals Fear and Are Condemning Cabinet For Ordering System Sustained

By FRANK J. TAYLOR
(U. P. Staff Correspondent.)

Berlin, March 30. (By Mail)—Radical leaders in Germany are sur-² they see in preparation a coming military attempt to control the country in the guise of the "League Against Bolshevism," which is gaining strength daily, and which has millions of marks at its disposal.

Their concern is not confined to sympathy they may have for the Bolshevik cause, but in fear that the militarists will again get control of the country and the government. Some of the radicals go so far as to say Germany is now practically in the hands of the militarists, and that the Noske maneuvers are simply a means by which the unsuspecting government has militarism thrust upon it.

The charge is hardly supported by the government's actions in becoming more and more liberal in politics, under stress of attacks from the workmen. However, there is reason to believe the radicals are not entirely without basis for their militarism fears.

Germany's greatest militarism danger comes from the seventy-five thousand officers and old army men within close proximity of Berlin, who made the army their profession formerly and who are now entirely unfitted for any other profession and are not keen to take up ordinary work.

It is an open secret these men want to see a semblance of the old regime back. Their situation is pitiable, since they have served their country faithfully and are now without support, unless the government continues the old system of granting them government positions as a reward for their services.

This is just what the radicals fear, and they are condemning the cabinet for ordering the old system sustained, at least until the present generation of officers and soldiers are no longer to be dealt with. These men are dangerous in the government, the radicals claim, since they could at any time join a militarist coup.

In addition, the radicals demand the complete disbanding of the Hindenburg Army of the east, now guarding the doors of Russia against Bolshevism. This, with the other forces the government has under arms and the officers and soldiers at large, gives a military force of some three hundred thousand, which, it is claimed by the radical leaders, is pledged to rise to arms in case the proletariat gets the power in Germany.

There is no doubt that the radicals are prompted in their fears largely by resentment that a military force prevents them from joining forces with the bolsheviks in Russia, but there is also ground for their belief that militarists are secretly organizing and are growing stronger. Whether they would use their organization against a democratic government is uncertain.

Officers have again begun to flaunt their gay uniforms on Berlin boulevards in full dress and covered with decorations. Until recently the officers did not wear their decorations, only armbands.

The so-called "League against Bolshevism" is plentifully supplied with money by capitalists and the former nobility. It is getting to be a formidable organization and will soon be able to cope with a proletarian uprising if it chooses to do so, according to reports regarding

the secret gathering of supplies. The steady growth of this group, strongly adhered to and supported by the former militarists, or army men, and of the soviets on the other hand forbodes a struggle which will be nothing short of a civil war, if open hostilities ever do break out, when both sides claim they must support the government by force.

BAN ON PARCELS TO A. E. F. MEN LIFTED

Packages May Now be Mailed Without Approval of Addressee's Superior Officer

FEW RESTRICTIONS HOWEVER

The ban on mailing parcels to members of the American Expeditionary forces has been lifted, according to an order received at the Rushville postoffice, and hereafter packages may be sent by parcel post to the A. E. F. without the approved request of the addressee.

On March 28, 1918, an order was issued prohibiting the postmaster to accept parcels for mailing to the American Expeditionary forces in Europe unless accompanied by the signed approval of a superior officer of the man to whom the parcel was to be sent.

Some restrictions still obtain regarding the mailing of packages to the A. E. F. They must not contain more than seven pounds in weight and may contain any mailable matter, including books. They must be properly prepared and addressed, fully prepaid and otherwise conform to conditions governing the transmission of mail to the A. E. F. Such parcels may not be registered, insured or sent C. O. D.

PLOWS UP 17-YEAR LOCUST

Seth Kelso Finds Some While at Work Wednesday

Charles Kelso, living near New Salem, reports that his son Seth Kelso, while at work in the field yesterday plowed up some peculiar looking bugs, and being inquisitive brought, them to the house when he had completed the day's work. Mr. Kelso says that an investigation showed that they were the seventeen year locust. They were still in the bug form, he reports, and it will only be a short time until they will be in the flying stage. It has been predicted that the locust will be here this year and Mr. Kelso says that there is not a doubt in his mind but that the prediction is true.

GOVERNMENT SENDS 27,000

Na-tu-ra

A RATIONAL TREATMENT FOR ALL FORMS OF CATARRH
Catarrh robs you of the energy that properly belongs to life and is a sworn foe to Vim, Vigor and Good Health.

Read what Mrs. Jacob Branstetter, Michigantown, Ind., says: I had been affected with catarrh for 20 years. I had stomach trouble and kidney trouble with a hurting in the back. My back was very weak. I was also very nervous and I passed many sleepless nights. I have now been using Natura for about two months. My stomach is doing fine, my kidneys are doing fine and my back ache is gone, my nerves are in fine shape and I sleep a refreshing sleep. My general health is greatly improved. I am perfectly satisfied with the results I have got from NA-TU-RA.

SETTINGS IN GARDENS PLANTS BORN INDOORS

It is assumed that the wide-awake gardener has been busy long before the weather is warm enough to sow any seeds in the open ground; that a window box or hotbed has been provided, and that a supply of plants of tomatoes, peppers, early cabbage and eggplant are under way to set in the garden as soon as danger of frost is past.

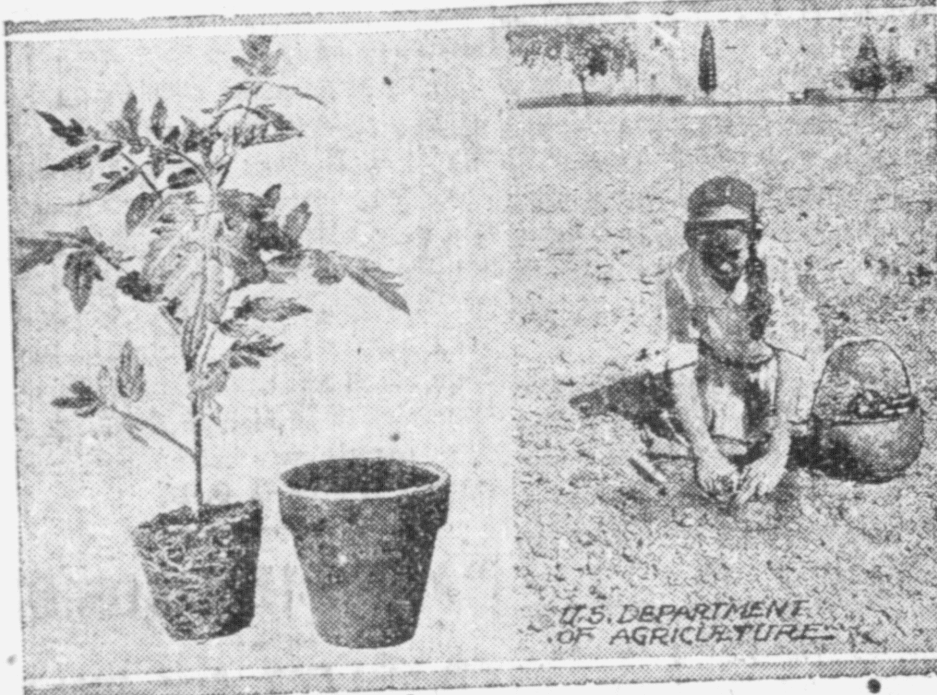

If plenty of indoor space is available, such crops as snap beans, cucumbers, cantaloupes, and even sweet corn may be started in flower pots, paper bands or berry boxes filled with good soil, and they will be of considerable size by the time the air is warm enough to plant them outdoors. Plants that are grown in the house or in the hotbed must be hardened or adapted to outdoor conditions before they are set in the open ground. This is accomplished by gradually exposing them to the open air during the warmer part of the day and later at night, care being taken that they are not caught by a sudden cold snap.

Where the plants are grown in

and gently knocking the edge of the pot on something solid. The plants then are set with the ball of earth adhering to their roots.

If the plants have been grown in paper bands or berry boxes the sides of the bands or boxes should be slit with a knife and removed as the plants are set. Where the plants are grown in trays or in a hotbed, a knife should be run between the rows, cutting the earth in both directions, and each plant lifted with a cube of earth attached to its roots.

The holes or furrows in which the plants are set should not be made until ready to transplant the plants. If made too soon, the soil will dry out and cause the plants to wilt. Under all circumstances, it pays to apply a little water around the roots of each plant as it is set; this causes the soil to form a close contact with the roots of the plant. After the water has soaked into the soil, dry earth should be filled in around the plant and slightly firmed. Plants

An ideal tomato plant ready to be placed outdoors—Setting tomatoe plants in a garden

boxes or trays, the boxes may be carried into the open each day and the plants allowed to become gradually accustomed to the outdoor conditions. If they are in a hotbed or coldframe, the sash or other cover is lifted off during the day and replaced at night. Later the covering is left off entirely; however, it should be kept close at hand to be put on at any time that the weather should turn cold.

Plants set in the open ground may be protected from frost by turning small boxes over them and covering the boxes with a little earth. Old berry boxes are sometimes used for this purpose, but should be covered completely with soil, as the plants will freeze just as readily underneath the exposed boxes as if left in the open without any cover whatever. A good method of protecting plants is by setting common roofing shingle or a small piece of board at an angle over each plant. These shingles can be set on the side to protect the plant from the sun during the daytime, or they may be placed on the opposite side in order to protect the plants from the wind and allow the sunshine to reach them.

In some cases gardeners have provided small frames, on the top of which are fitted single panes of glass and one of these frames is set over each plant or hill to protect it. The glass should be so arranged that it can be partially removed during the warmer part of the day in order to prevent the temperature becoming too high inside the frame. These protectors give good results when used over hills of cucumbers, cantaloupes, and summer squashes as well as over plants of sweet peppers, eggplant, and tomatoes.

There are a few points in connection with the transplanting of house-grown plants to the garden that are worthy of special attention. In the first place, the plants to be transplanted should be watered a few hours before they are to be handled; this will cause the dirt to adhere to the roots and give them a better start when they are planted out. If the plants are grown in flower pots, in paper bands, or berry boxes, they should be carried to the garden in their containers. Pot-grown plants should be loosened by inverting them

set in this manner will invariably start without wilting. It is always a good idea to have a few more plants than are required for filling the space in the garden, in order to replace any that die or are destroyed by insects.

MARSHAL FOCH

A new photograph of Marshal Foch, commander of the allied armies. This photograph was made in Paris while Marshal Foch was attending the peace conference.

How Soldiers Dispensed Attacks

"For two years my stomach trouble was very bad, my doctor had to inject morphine on several occasions when I was stricken with these attacks. Since taking 4 bottles of May's Wonderful Remedy I have been entirely well and am serving in the artillery, having been pronounced in perfect health by government physicians." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

EXECUTOR'S SALE OF REAL ESTATE.

Notice is hereby given by the undersigned executor of the will of Elizabeth Hume, deceased, that by virtue of the authority conferred by said will, he will at 1:30 p. m. on SATURDAY, the 17th DAY OF MAY, 1919, and from day to day thereafter until sold offer at private sale the following described real estate in Rush County, Indiana, to-wit: Lot No. 12 in I. P. Root's Heirs' Addition to the town of Milroy, Indiana. Also a part of the southwest quarter of Section thirty-two (32) Township fourteen (14) North, Range ten (10) East, beginning in the east line of Perkins street in Rushville, Indiana, at a point 531 feet north from a point, which point is 50 feet east of the southeast corner of lot No. 8 in the Citizens' Building, Loan and Savings Addition to Rushville, Indiana, and running thence north along the east line of Perkins street 35 feet, more or less, to the center of a cement walk running east and west; thence due east to the west line of Mary Winston's land; thence south to a point due east of the place of beginning; thence west to the place of beginning, situated in the city of Rushville, Rush County, Indiana. Bids will be received at the office of A. L. Gary, in Rushville, Indiana. TERMS OF SALE—One-third cash; one-third in six (6) months; one-third in twelve (12) months, with privilege to purchaser of paying all cash. Deferred payments, if any, to be evidenced by notes of purchaser secured by the first mortgage on the real estate sold. April 18, 1919. GEORGE W. LOONEY, JR., Executor.

NOTICE TO ROAD CONTRACTORS

State of Indiana, Rush county, ss: Notice is hereby given that the board of commissioners of said county, at their office in the court house at Rushville, Indiana, will receive sealed proposals for the improvement of a certain highway 5265 feet in length, in said county by grading, draining and paving with crushed stone, as set out in the specifications, plans and profile now on file in the office of the auditor of said county, by and under the laws of the State of Indiana. Said sealed proposals will be open and the contract awarded for said improvement on the 26th day of April, 1919. Bids or proposals will be received up to two o'clock p. m. on said date. The said road to be improved is located in Richland township, in Rush county, Indiana, and is to be known as the Gabe Hildreth road when so improved. Bids will be for the completion of the said improvement in accordance with

WEAVING

MRS. J. P. MILLER Phone 1978 836 Jackson St. Call After 6 P. M.

the plans, profile and specifications in the office of the auditor of said county, and shall include all labor and material for said work. In no case will extra compensation be allowed for any additional work alleged to have been done by the contractor or contractors to whom is awarded the contract.

Each bid shall be accompanied by a personal or surety bond in a sum equal to double the amount of the bid filed for the work bid on, to be approved by the board of commissioners of said county. Said bond shall be conditioned for the faithful performance of the work; the sureties, if personal, shall be resident freeholders of the State of Indiana, one of whom shall be a resident of Rush county.

Said bond shall be for the benefit of any person, persons or corporation who shall suffer any loss or damage by reason of any such bidder failing or neglecting to enter into a contract to perform such work awarded by the said board of commissioners or to carry out the same in any particular or to pay for any labor or material which may have been furnished to any such contractor or contractors or to any subcontractor, agent or superintendent under him, in the construction of said work.

Said improvement will be let as a whole to the lowest responsible bidder upon affidavit of noncollusion, which must be submitted with the bid, and upon failure to submit such affidavit such proposal or bid will be rejected by the board; and the board reserves the right to reject any and all bids. Time for the completion of said work will be agreed upon after the letting of said contract by said board of commissioners and successful bidder.

Given by order of the Board of Commissioners of said County.

WM. H. McMILLIN, Auditor.

MOTHER GRAY'S POWDERS BENEFIT MANY CHILDREN

Thousands of mothers have found Mother Gray's Sweet Powders an excellent remedy for children complaining of headaches, colds, feverishness, stomach troubles and other irregularities from which children suffer during these days and excellent results are accomplished by its use. Used by mothers for over 30 years. Sold by Druggists Everywhere.—(Adv.)

7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco or Alcohol or by Excess of Any Kind, Bio-Feren is What You Need Right Away.

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence.

You can have nerves of steel, firm step, new courage and keen mind by putting your blood and nerves in first-class shape with mighty Bio-Feren, a new discovery, inexpensive and efficient.

Men and women who get up so tired in the morning that they have to drag themselves to their daily labor will in just a few days arise with clear mind, definite purpose and loads of ambition.

All you have to do is to take two Bio-Feren tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone.

Then if your energy and endurance haven't doubled, if your mind isn't keener and eyes brighter, if you don't feel twice as ambitious as before, any druggist anywhere will return the purchase price—gladly and freely.

Bio-Feren is without doubt the grandest remedy for nervous, run-down, weak, anaemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

FASCINATING TEETH

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store, and get a large tube of SENRECO TOOTH PASTE for 35 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of Pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

HAS COME BACK

After being off the market for the past twenty months due to the fact that the draft blew in and put it on the bum, the famous old Country Club Cigar has come back and I wish to assure its old friends that the same high standard of quality will prevail and they will always find it to be the same good cigar every day in the year. Those who have never tried one, give it a play. It's a safe bet you will be satisfied because it has that cool, delicious and all-tobacco flavor and aroma that is sure to please the most particular smoker. Can be had again at all dealers at a very moderate advance in price.

BOLSHEVIKI TELLS LABOR'S NEW PLAN

Doubtful if Movement Will Spread to America Where Working Conditions are Better.

FIND SEAT OF DISTURBERS

Say That They May be Oppressed for a While But That Finally They Will be Recognized.

By EDWIN W. HULLINGER
(U. P. Staff Correspondent.)

London, April 5. (By Mail.)—The United Press today discovered the seat of English Bolshevism.

Its unofficial capitol is a little paper-cluttered suite of two tiny chambers, up three flights of narrow, winding stairs from a dingy little blind spur street in the heart of London.

Here the National Administrative Council, the Bolshevik directing body of the Shop Stewards' movement, holds its secret sittings.

In one of these rooms, the smaller of the two "Billy" Watson, councilor and veteran shop steward's leader, told the story of English Bolshevism—told it as he stood beside the carved-in fireplace.

"The shop Steward movement arose in England largely from war conditions," he explained. "Dora (the Englishman's pet name for the Defense of the Realm Act) hobbled the regular union officials, compelling them to submit all complaints to boards of arbitration. These boards were generally extremely slow.

"The rank and file—the men—actually in the shops—got impatient. The injustices continued during the delays. They saw no sense in their own responsibility. They elected shop stewards.

"These shop stewards were men from the bench. They met in working clothes. Delay was just as disastrous to them as to their fellow-workers.

"They acted, while the regular trade union officials, constitutionalists (he always pronounced the word as if it carried a certain reproach) waited for arbitration.

"When the war ended the shop stewards decided not to wait longer. They began direct action.

"In the meanwhile these shop stewards committees in all parts of the country had been affiliating in a powerful national socialistic organization, of which the national Administrative Council is the head."

"I do not know whether Bolshevism will spread to America or not," he continued, "perhaps not. Industrial conditions seem to be better there than in Europe."

Watson said he worked all day long in the shop as a machinist and then came up here in his office to work late into the night organizing, planning, arguing for the new Bolshevik organization he was helping to create.

"We admit some transitory stage will be necessary," Watson continued, "but our ultimate aim is communism. For instance, our present fight is for shorter working hours. The wage question is not important. Present wages are satisfactory.

"But we hope eventually to abolish the wage system altogether for a communist exchange of products. Lenin intends to develop that in Russia, you know.

"We believe in the Bolshevik philosophy. It is probably true, of course, that not all of the men striking today have reached the point of subscribing openly to all of this program. Many of them do. I know it

to be the platform of the leaders of the shop steward movement."

A tall young woman in a blue V. A. D. uniform entered excitedly with a newspaper telling of riots and the arrests of Bolshevik agitators.

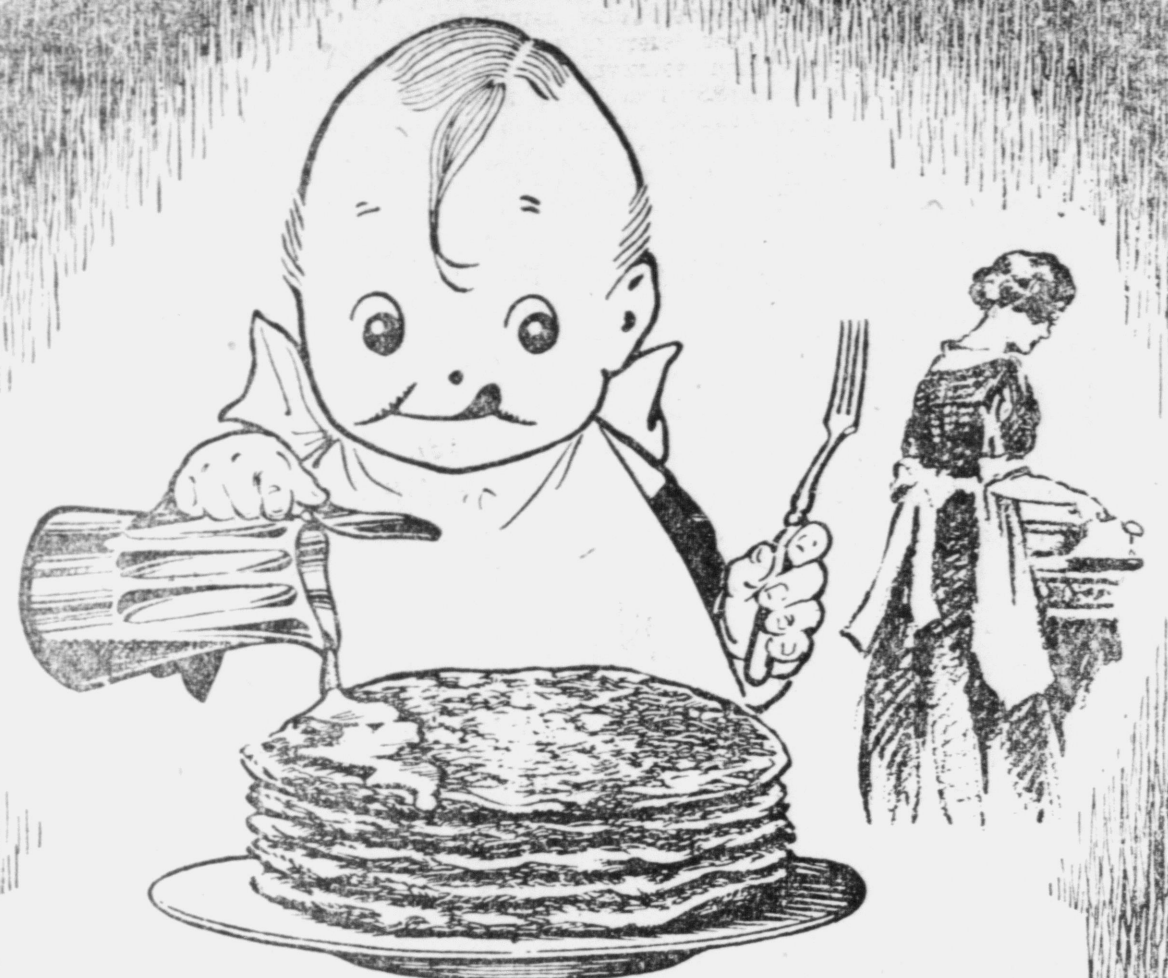

"They may suppress us for a while," she cried, her eyes snapping, "but they can't suppress the idea. It will only blaze out again somewhere else."

Watson read, smiled, buttoned his overcoat.

"No," he said deliberately, "the idea is going to play a big role in the history of England."

WOODEN SHIPS SOLD

Washington, April 17.—The United States shipping board began disposing of its war time fleet of wooden ships today, when Chairman Hurley announced the sale of ten wooden ships to the Nacirene Steamship company of New York. The price paid was \$650,000 for each vessel, making an average of \$125 per ton.

GRIDDLE CAKES

Light, tender, golden brown, full of goodness—just the kind that satisfies—the sort you can't get enough of, when you use

CALUMET BAKING POWDER

"BEST BY TEST"

The greatest advancement ever made in the manufacture of baking powder—so perfectly made that you're always sure of the very best baking results. Its leavening strength never varies. The last spoonful as good as the first. No failures. It raises the quality of your bakings and reduces baking costs.

It is sold at a moderate price and you use only half as much as of most other powders.

A product of the world's largest, finest, most sanitary baking powder factory. Used in the U. S. Army and Navy—by the most eminent Domestic Scientists—in more homes than any other brand. Its superiority has made it America's leading seller.

CALUMET GRIDDLE CAKES

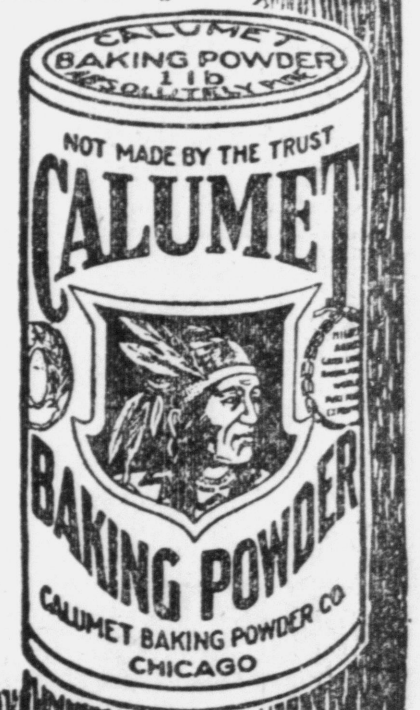

- | | |
|--|--|
| 2 —Level cups flour | 1 —Level tablespoon sugar |
| 2 —Level teaspoons Calumet Baking Powder | 2 —Level tablespoons melted shortening |
| 1/2 —Teaspoon salt | 2 —Eggs, yolks |
| | 1 1/2 —Cups milk or water |

How to Make Them: Mix dry ingredients in flour. Beat egg yolks and melted shortening in the liquid, add only a part of the liquid, mix until smooth. Then add gradually the balance of the liquid until batter is of the proper consistency. According to the strength of the flour more or less liquid is required. Bake on hot griddle well greased.

Paste in your Recipe Book for future reference.

Have You Noticed This?

When you buy a pound of Calumet you get a full pound—16 oz. Some high priced baking powders are now being put on the market in 12-oz. cans instead of a pound. Be sure you are getting a pound when you want it. No short weights with Calumet.

COMBINED EASTER SERVICE

Congregations Will Join in Special Meetings at Manilla Sunday

The churches of Manilla have arranged for a union service at the Christian church there for Easter Sunday. The entire day will be devoted to Easter meetings. The Rev. F. M. Westhafer, pastor of the M. E. church, and the Rev. Mr. Sumner of the Christian church assisted by an evangelist from Ohio,

will have charge of the service. One of the features of the day will be the serving of dinner and supper in the church basement.

Jonah's gourd was a strong growing vine. Most of the gourd family, including squashes, melons, and cucumbers, require too much space for the small garden. Summer squashes, however, both crookneck and scallop, may be had in bush form. Two or three hills are enough for the average family.

Ugly, Unsightly Pimples Are Signals of Bad Blood

Give Heed to the Warning. Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they foretell eczema, boils, blisters, scaly eruptions and other skin disorders that burn like flames of fire. They mean that your blood needs S. S. S. to purify it and cleanse it of these impure accumulations that can cause unlimited trouble. This remedy is the greatest vegetable blood purifier known, and contains no minerals or chemicals to injure the most delicate skin. Go to your drugstore, and get a bottle of S. S. S. today, and get rid of those unsightly and disfiguring pimples, and other skin irritations. And it will cleanse your blood thoroughly. If you wish special medical advice, you can obtain it without charge by writing to Medical Director, 29 Swift Laboratory, Atlanta, Georgia.

On Appropriation of \$85,000
For Buildings

COMMISSIONERS' ESTIMATE

Councilmen Will Return Tomorrow
to Approve Vote Finally on
Account of Law

TEN BRIDGE APPROPRIATIONS

Request for \$900 to Pay Expenses
of Voters Enumeration is Denied
by Council

The county council today tentatively passed an appropriation for \$85,000 to build a new county poor asylum east of the city.

The request for an appropriation for this sum was included in the estimate which the county commissioners laid before the county council at their special session here today. Requests were also made for six new bridges and repairs on five others, all but one of which were granted.

A request for an appropriation of \$900 to pay the expenses of the sexennial enumeration of white and colored voters was denied by the council.

None of the appropriations was definitely made because the council will have to return tomorrow due to a state law which provides no sum in excess of \$15,000 shall be appropriated in one day. The council will be in session again tomorrow afternoon to determine definitely what shall be done with the appropriations passed on today.

The favorable action on the request of the county commissioners for a new poor asylum, if finally voted tomorrow, will mark the end of a long campaign for improvement at the county farm. Repeated requests have been made for new buildings because of the unsanitary conditions that exist in the present structures.

In recent years few circuit court grand juries have adjourned without first condemning in uncensored terms the county asylum for the poor. The state board of charities and likewise the state board of health have also recommended new buildings.

Commissioners and councilmen alike this morning were discussing how the improvement should be made. One suggestion was that all the buildings except the large house where the superintendent lives, be torn down and it be used for a tenant house. One councilman expressed the view that \$85,000 would not be sufficient to build the required number of buildings.

A recent ruling of the attorney general says that the six-year enumeration of white and colored voters is mandatory, though the law is antiquated because of the voters-registration law, but the council did not see fit to appropriate the \$900. The township trustees receive no extra pay if they take the enumeration at the same time as the school enumeration, but they are given the privilege to employ helpers to take the count of voters.

Another appropriation has been made necessary on account of the increases in the pay of assessors, which could not be foreseen at the annual meeting last fall. The councilmen also had before them the request for appropriations for several new bridges.

The council refused to appropriate \$500 for a new bridge near

WIFE ASKS FOR GUARDIAN

Mrs. Viola Westover Acts With Her
Husband in Jail

Mrs. Viola Westover has filed a petition in the circuit court for the appointment of a guardian for her husband, Charles E. Westover, who was placed in jail Wednesday evening by Sheriff Jones on the complaint of neighbors who feared that Westover would harm someone. Westover was still in jail today, but was said to be as meek as a lamb, compared to his actions when the sheriff and deputies had considerable difficulty in placing him in a cell. An effort will be made to send him to a private institution at Oxford, Ohio.

MAY MEET TO ASK
FOR STATE'S HELPCommissioners Consent to Attend
Joint Meeting Though They Think
it is Useless.

IS CALLED AT CONNERSVILLE

Little Prospect of Any Help From
State Highway Commission for
Decade or More.

An effort was being made today to arrange a joint meeting of the commissioners of Fayette, Rush and Franklin, at Connerville tomorrow, for the purpose of making an appeal for state aid in constructing permanent highways under the county unit law.

Although the Rush county commissioners, when the auditor of Franklin county called this morning to ask them to attend, consented to be present, they feel that it will be a useless trip because there is little prospect of any state aid in building permanent roads because the state highway commission already is pledged to a program of construction which will require at least ten years, it is stated.

In any event, the commissioners expect to attend the joint meeting because discussion of the new highway law by the commissioners may bring out some new points in regard to it which the local board has never considered.

There has been some complaint among Rush county taxpayers about the way petitions have been filed for the construction of cement roads under the new law. Their objection is that the county is going into the project too hastily because there is prospect of getting some of the main market roads built by the state highway commission.

In reply to this objection, it is pointed out by others that the state highway commission has before it now a program to construct eight hundred miles of main market highways in Indiana, which was laid out by an old highway commission law being tested in the courts.

The new highway commission law pledges the commission yet to be appointed to follow the program outlined by the old commission, it is stated, so that there is little prospect of Rush county getting any roads built by the state for a period of ten years or more. In the meantime, it is argued, Rush county should take advantage of the county unit law to get some permanent roads.

As an example to show that there is no hope for Rush county receiving any state aid, it is pointed out that the federal highway commission, which has been in existence three years, has built only seventy-five miles of permanent roads. The state commission, however, is expected to get better results than that, but on account of its prearranged program, can not build any roads here for a decade or more.

WAR VETERANS ARE WOULD AUTHORIZE
URGED TO ORGANIZE FARE FOR SOLDIERSMarion County Body Wants Every
County in Indiana Represented
at State Convention.

WILL BE HELD ON APRIL 24

Discharged Service Men Feel Need
of Organization of State Association of Veterans

Soldiers, sailors and marines who saw service for Uncle Sam during the great war and are now at home again in Indiana are looking with active enthusiasm toward the state convention of returned service men which has been called by the World War Veterans of Marion County to be held in Indianapolis Thursday, April 24. The first business session will be held at 10 o'clock in the morning in the House of Representatives, Indiana State House.

Officers of the Marion county veterans organization urge strongly that each county organization throughout the state be represented at the state convention in Indianapolis April 24 by at least two able delegates. In counties where no organization exists now, discharged service men are asked to busy themselves immediately toward the perfection of a county organization in order to have representation at the state convention. No effort has been made here to organize the veterans of the late war, but it is regarded probable that such a step will be taken soon.

Discharged service men all over the state have long felt the need for the organization of a state association of veterans of the world war at the earliest possible date. Calls have been coming to the Marion county association from all corners of the state urging that the time is ripe for the consummation of a state organization, and asking that the Marion county organization take the responsibility of calling the state convention. They have decided to do this and have called a state convention for April 24.

The plans call for an all day business session at which officers for the state association will be elected and a temporary organization completed, pending affiliation with a

TIME OF ARRIVALLast Word Received Was That Tank
Would be Here Monday, But
This is Indefinite

NO CELEBRATION IS LIKELY

There was no certainty today that the whippet tank which is on a tour of the state in the interest of the Victory Liberty Loan, will be in Rushville next Monday, although this was the approximate day given in the last word from the state publicity director.

The tank was first scheduled to be in Rushville today, but the schedule was delayed three days by the tank breaking down at Gosport, and it was announced that the tank would be here Monday, the day the campaign formally opens. Later word is to the effect that a Liberty truck has been sent to the aid of the tank. On account of the uncertainty about the arrival of the war machine, any attempt at a celebration on the occasion of the visit of the tank will likely be abandoned.

The speaking campaign in the interest of the loan drive will begin with a meeting tonight at the Moscow Christian church when Judge Will M. Sparks and Miss Hazel Bennett will deliver addresses. Three meetings to forward the loan campaign will be held Sunday afternoon.

STATE COUNCIL OF DEFENSE WANTS
COUNTIES TO PAY THEIR WAY TO
WELCOME HOME EVENT

ASKS STATE BOARD SANCTION

Judge Will M. Sparks Attends Final
Meeting and Banquet of State
Body

Indianapolis, Ind., April 18.—The State Council of Defense at its last meeting last night at the Columbia Club adopted unanimously as its last official act a resolution calling on the state board of accounts to authorize all the boards of county commissioners to pay the railroad fare to and from Indianapolis to every discharged soldier on Victory day in order that every man who saw service can take a part in the celebration here.

The resolution was presented by Governor Goodrich who declared that although the boys were sent away with bands, barbecues and with cheers, they were returning almost without honor and said he knew personally of many wounded soldiers who feel hurt at the lack of feeling for them.

The farewell meeting was in the form of an elaborate banquet at the Columbia Club, at which Governor Goodrich was the host. The members to a man paid high tribute to the Governor. Will H. Hays, Republican national chairman, the first chairman of the council, presided.

Michael Foley, chairman of the council, declared Governor Goodrich was the greatest patriot in the country, ranking beside Oliver R. Morton, the man who led the Hoosier state in the civil war.

"I am a partisan and the Governor is a partisan, but during the war, Governor Goodrich worked with the sole thought in view of doing the best in his power for his country. Politics was forgotten," said Mr. Foley.

Thomas Taggart, in paying tribute to Governor Goodrich, read a resolution, expressing the Council's sincere appreciation and gratitude for his co-operation and confidence, which was adopted unanimously.

The Governor reviewed the history

IN THE CIRCUIT COURTCriminal Charge Against Curtha
Wagoner Dismissed on Motion
of Prosecutor Today

TWO CIVIL SUITS DISMISSED

The case of the state against Curtha Wagoner, charging perjury, which has been on the criminal docket in circuit court for many months, was nolle this morning by Special Judge T. M. Green on motion of the prosecuting attorney and the attorney who was appointed to assist in the prosecution. Wagoner was twice indicted, the first indictment being quashed because it was discovered that it was not legally returned. The trial of the case has been postponed several times.

Charles L. Reed this morning was appointed guardian for Sherman Palmer on the finding of the court that Palmer was of unsound mind and incapable of attending to his affairs.

The case of the Empire Cream Separator company against Curtha Wagoner was dismissed, and the costs paid by the plaintiff, today. The injunction suit of Elma E. Porter against John A. Garlin, administrator, et al., was also dismissed by the plaintiff, at her costs.

FOR POSSESSION OF MUNICH

Desperate Fighting Continues. To-
day's Dispatches Say

(By United Press.)

Berlin, April 18.—Desperate fighting continues for possession of Munich according to dispatches received here.

Several regiments of government troops were reported to have met the Socialist forces outside the city, which are making preparations for a grand assault. The communist defenders, while maintaining their artillery fire, are erecting barricades and barbed wire entanglements in the principal streets entering the town. Plundering is said to have gotten beyond control of the communist guards.

DEMANDS REMOVAL
OF ONE IN CABINETGeorgia Federation of Labor Adopts
Resolution Accusing Postmas-
ter General Burleson

A CHARGE OF BEING UNFAIR

Governor of Massachusetts Asks
Permission to Operate Wire
Systems During Strike

(By United Press.)

Brunswick, Ga., April 18.—A resolution demanding removal of Postmaster General Burleson was adopted by the Georgia Federation of Labor in convention here today. The resolution was drawn up by telephone and electrical workers asking Burleson's removal on grounds of being unfair to organized labor and unfair to public and institutional increases in telephone and telegraph rates.

Boston, April 18.—Gov. Coolidge today telegraphed Postmaster Burleson asking if he would not allow the state of Massachusetts to take over the telephone and telephone system and operate it under the federal government effects a settlement of the existing strike.

Should Burleson agree to such a move, it is planned to attempt to have the telephone operators return to work under state control.

The strike is now in its fourth day and there are no signs of an early settlement.

The industrial and social life of five states has been seriously disrupted; more than 630,000 telephones are out of commission; the loss in business daily amounts to hundreds of thousands of dollars and people are facing emergencies, in which, under normal conditions, the telephone companies play the leading part.

Despite the tremendous inconvenience to which the public is subjected, the financial loss and personal inconvenience, the situation indicates that the public sympathizes with the striking telephone workers.

OBSERVE THE CENTENNIAL

Arlington I. O. O. F. Confers Degree
on 13 Candidates.

The Odd Fellows lodge of Arlington celebrated the Centennial of the Odd Fellows lodge of the United States last evening by conferring the first degree on thirteen candidates. The deputy grand master of Indianapolis was in charge. After the degree work the Rebekahs served supper in the basement of the M. E. church, after which a general program, consisting of music, readings and a talk by the deputy grand master, was given.

TREATY WILL BE
RATIFIED APR. 24Germans Will be Handed Pact The
Next Day, According to All
Indications Today.

TWO PLENARY SESSIONS THEN

Italians Reported to Have Threat-
ened to Block Settlement Unless
Claims Are Recognized.

(By United Press.)

Washington, April 18.—The situation at the peace conference continued to improve, it was learned today.

A message from Rear Admiral Grayson, the president's physician, stated that he has now entirely recovered from his recent illness.

Paris, April 18.—Indications today were that the present treaty would be ratified by the plenary conference on April 24, just one day before the German delegates arrive in Versailles to receive it. The program is as follows: Two plenary sessions apparently will be necessary, the first one on April 23 to receive the revised covenant of the league of nations and the second on the following day when the whole treaty will be taken up.

President Wilson will call the attention of the British delegates to the appeal for Irish freedom, received yesterday by Frank P. Walsh, but will not act himself. It was recalled the president is understood to have told the delegates of Irish-American in New York the night of his departure that the Irish question was a British internal problem but that he was willing to tell the British how the delegates feel about it.

The Italians are reported to have threatened to block the entire peace settlement unless their claims are recognized.

This developed today when the Big Four again took up Italy's territorial aspirations.

According to reliable information, the Italians have now taken the position that the pact of London on which their claims are based not only grants them the entire program they are demanding but pledges all the signatories to stand together for a simultaneous peace, which as the Italians see it, could overturn the whole peace settlement by refusing to accept any treaties not meeting their claims, and then call upon the signatories of the pact of London to live up to their agreements, against arranging separate peace.

The signatories to the pact of London consummated in 1915, were Italy, Great Britain, France and Russia. Under this agreement Italy was given certain territorial concessions for entering the war on the side of the allies.

Certain of the allies led by the Americans have maintained that acceptance of the armistice terms arrogated all secret treaties. President Wilson has made it known that he will not deviate from the stand that this dispute must be settled according to the fourteen points.

The Japanese in pushing their demands for early settlement of the Shantung question, are expected to appear before the Big Four tomorrow or Sunday. They are insistent that their claims to ratification of concessions in the Shantung peninsula, which are bitterly opposed by the Chinese, be recognized at once.

All commissions with the exception of the one considering the conflicting Polish and German boundary claims, have completed their work. It is expected there will be two plenary sessions next week, possibly on Thursday and Friday.

ORDER OF TEMPLE

Rushville commandery of Knights Templar will confer the Order of the Temple on three candidates Wednesday evening. Visitors from Greensfield will be present.

What Is Economy?

Progressive farmers insist on our Buck-eye or Michigan wire fence. They know that these fences combine the two essential points of a good buy. First—Their quality is unexcelled. Either the straight stay or hinge lock can be had in an exceptionally durable fence. Second—The price is very reasonable. Our fence is being sold at an unusually low rate now. Don't fail to come and see our large assortment before you buy.

J. P. FRAZEE

Don't let Worms Kill Your Hogs

Free intestinal and stomach worms are those that do not attach themselves to the intestines or stomach. Worms which attach themselves to the stomach or intestines are properly called "Blood Suckers" and nothing will expel the "blood sucking worms" after they are formed.

The Thorn Headed Worm is a "blood sucker" and nothing will expel them after they are formed. They have a mass of thorns or hooks about the head and not only attach themselves to the intestines, but bury the head into and clear through the intestines. THE THORN HEADED WORM can be positively prevented by feeding ACME WORM BOUNCER from birth to maturity.

R. G. Wellman

Phone 1506 RUSHVILLE, INDIANA

Autobiography of a Hog, No. 4

"Jess" conversation waxed more eloquent as he proceeded. He said thin slops are ok for young pigs. In slopping fattening hogs make a thick slop—just so it pours. Never cook your slop. Don't let it stand over six hours as a rule, 3 or 4 hours is better. Swine remedies cost from \$150 to \$250 a ton. If a scientifically prepared balanced hog ration, such as Fat Back Hog Feed is fed, expensive remedies are of little or no use. If your hogs need medicine call a veterinary surgeon. The U. S. Government and your state asks you to have your hogs vaccinated for cholera. Don't neglect so important a thing. If your pigs are in good condition have them "treated" at about 40 pounds left."

Fat Back Hog Feed is Good Feed, Buy And Buy It.

DAIRY

FREE HERD OF TUBERCULOSIS

Satisfactory Progress in Plan of Eradication Made During First Year of Work.

(Prepared by the United States Department of Agriculture)
The tuberculosis-free accredited herd plan, inaugurated in December, 1917, and worked out in co-operation with the bureau of animal industry, United States department of agriculture, was slightly changed at the twenty-second annual meeting of the United States Live Stock Sanitary association held at Chicago in December. It was agreed to strike out the word "purebred" so

Although Apparently Healthy These Animals Are Positive Reactors to the Tuberculin Test.

as to admit to certification grade herds in addition to registered cattle.

The annual conference between representatives of the United States Live Stock Sanitary association and the Purebred Cattle Breeders' association resulted in the further indorsement of the tuberculosis eradication campaign and a recommendation that the work be extended as rapidly as possible.

The accredited-herd plan is to test cattle with tuberculin at the request of the owner, eliminate any reacting animals either by slaughter or by following prescribed sanitary measures, repeat the test at prescribed intervals, and list as tuberculosis-free accredited herds all herds entitled to that distinction.

Very satisfactory progress has been made during the first year of the work, and prospects for the future are bright. During the year 296 herds, comprising 9,284 cattle, have been fully "accredited" as free from tuberculosis, and 1,462 herds, having 39,052 cattle, passed one successful test in preparation for certification. In addition 4,622 herds, both purebred and grade, totaling 98,002 animals, have been under supervision for the eradication of tuberculosis. Each month additional herds are added to the list.

HEIFERS DROP FIRST CALF

According to Experiment Carried on at Maryland College Thirty Months Is Best Age.

About thirty months was found to be the best age for Ayrshire heifers to drop their first calf, according to an experiment carried on at the Maryland Agricultural college. If the calves were dropped six months earlier, the milk flow was lessened considerably, but if dropped six months later the decrease was slight. This will vary for the breeds according to size; the smaller the breed type, the shorter the time. Eckles of Minnesota found that this variation would bring the minimum age for Jerseys and Guernseys about twenty-five months and for Holsteins, thirty months. This is for well-developed animals.

PASTEURIZED CREAM IS AID

It Yields More Uniform Article of Butter and Helps to Improve Keeping Qualities.

The relation of pasteurized cream to butter is now recognized as follows: It yields a more uniform product, aids in producing a higher scoring butter, improves its keeping qualities; avoids undesirable fermentations and gives protection from disease germs; overcomes questionable odors; increases value of skim milk and creates a steadier market. The slight increase in cost of production, per pound, when butter is made from pasteurized cream, is more than overcome by the benefits derived from this process.

CLEANLINESS IS IMPORTANT

Cows Should Be Milked in Small-Top or Covered Pail and All Utensils Sterilized.

It is important to keep cows clean and milk them in clean surroundings. Milk them in a small-top or covered pail. All utensils which come into contact with the milk should be thoroughly sterilized with steam for at least five minutes.

STATE CEMENT PLANT IS BEING CONSIDERED

Million Dollar Institution to Combat Trusts Seen as Solution to Road Problems.

TO BE BUILT AT PENAL FARM

(By United Press.)

Indianapolis, April 18.—A million dollar cement plant at the state penal farm to combat the cement trusts is being seriously considered by Governor Goodrich, it was learned authoritatively today.

It is understood that a commission, appointed by Governor Goodrich to investigate the feasibility of the plan, the condition of the shale and limestone under the farm, reported that conditions were satisfactory for such a plant.

This matter was to be taken up by the meeting of the state highway commission today.

The Governor withheld action in road constructions because he thinks the price of \$1.80 a barrel is entirely too high. He is said to believe that such a plant will furnish cheaper cement.

8-HOUR DAY FOR FRANCE.

Paris, April 18.—The Chamber of Deputies last evening passed a bill establishing an eight-hour day for workmen.

Few gardeners realize the importance of pulverizing the soil as deeply as it is plowed. No matter how perfectly the surface is prepared, if the soil is coarse and lumpy below, the plants will not thrive. Large air spaces in the soil are a detriment, but a large number of very small air spaces in the soil are a benefit.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

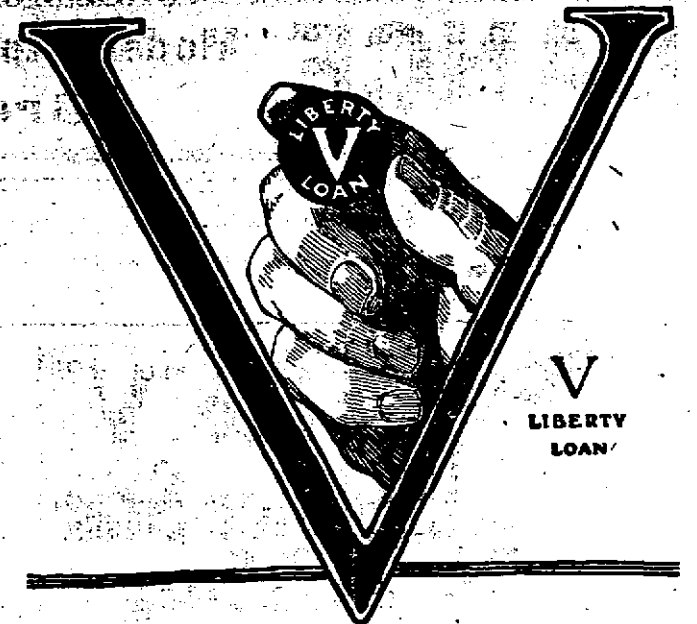

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but surely on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practical work among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

MOLINE
UNIVERSAL TRACTOR
It Solves The Farm Help Problem

With two 14-inch bottoms, under average plowing conditions, the new Moline Universal Tractor, Model D, plows 9 acres in 10 hours, as much as ordinary 3-plow machine. The superior efficiency of the Moline Universal is due to its higher speed, 3 1/2 miles an hour, two bottoms at 3 1/2 miles giving the same number of plow-miles as three bottoms at 2 1/2 miles.

Plowing at 3 1/2 miles an hour gives ideal results, the ground being pulverized more thoroughly than at slower speeds, with less air space. Tough sod that cannot be turned at all at 2 1/2 miles an hour is plowed with ease.

Perfect work is assured with the Moline Universal through the advantageous position of the operator, who sits in order to do good work. The Moline Universal is easily handled, turns short, and backs as readily as it goes forward.

Waste of time in the field is eliminated and the tractor kept at productive work a maximum number of hours a day through a complete electric starting and lighting system. The Moline Universal is the only tractor thus regularly equipped.

Aswell Apologizes

Rep. James B. Aswell, of Louis-
iana, the man who initiated the le-
gislation that placed the wires and
cables under government control,
says he is sorry and that he will
apologize to the house for his part
in the affair. It seems that when Mr.
Aswell was working enthusiastically
for the passage of this legislation
and holding conferences upon the
subject, that it was understood that
the rates would be reduced, some
one-third and some one-half. But
now he is "disappointed and discour-
aged to note the increase of 20 per-
cent ordered on telegraph rates." He
further states that he is not "yet
ready to admit that any such in-
crease is justifiable or necessary".
While the author of the resolution
if it means increase in rates, Burle-
son glories in his little autocratic

kingdom and swerves not in his
course of doing things as he pleases,
apparently whether they are right
or wrong. From the great cry which
has gone up every time he has an-
nounced a new policy (?) or issued
an order he must be wrong most of
the time. Certainly the new con-
gress will consider it one of the most
important pieces of work on the cal-
ender to unravel the impossible tan-
gle into which the wires and cables
have been brought under the direc-
tion of Mr. Burleson. Nothing less
than the railroad problem is more
important.

England's Labor Conditions.

Labor conditions in England and
in America are alike in character,
but very different in degree. Amer-
ica was at war a year and a half,
England over four years. So many
conditions that exist in the America
of today are greatly intensified in
England.

All the labor and all the capital in
England that could be diverted from
the mere necessities of life was
swung to munition work, shipbuild-
ing and the production of every es-
sential for the army and the navy.

Now the great body of labor is
dissatisfied with the present and un-
certain of the future. The cost of
living there as here is extremely high.
Workers are unwilling to accept
any prospect of lesser wages and
capitalists are timid.

The suggestion is made that labor
itself should take some of the aban-
doned munition plants and run them,
the government furnishing the capi-
tal to refit and adapt them to other
production and to run them after
such refitting. It is proposed that
the trade unions should undertake
the task.

Autograph letter of Woodrow Wil-
son were recently auctioned in New
York. Gracious, think of the profit
to be derived from the sale of a bale
of the diplomatic notes! One three-
page letter brought \$90. Wonder if
it was the appeal to the voters made
last October.

It is to be hoped that the peace
conference will have some consid-
eration for the men who publish atlas-
es, and will come to a speedy deci-
sion on the subject of boundaries.

The new Easter bonnet is a thing
of the past. But the new Easter hat
of the present sets the husband back
quite as far as the bonnet used to.

The uncertainties of governmental
restriction constitute the chief hin-
drance to industrial activity.

A long pull and a strong pull, and
the Victory loan will be over the top.

standing. A school of pharmacy in
good standing is one which pre-
scribes two years of commissioned
high school work or its equivalent as
an entrance requirement and the in-
struction in which covers a period of
not less than 50 weeks, occupying
two school years and at least two
months shall elapse between such
school years, and each school year
shall cover 250 hours of class room
instruction and 350 hours of labora-
tory practice which must include
the work outlined in the latest edi-
tion of pharmaceutical syllabus. The
act does not apply to persons who
are registered assistant pharmacists
or registered apprentice pharma-
cists.

AMUSEMENTS

Fred Stone at Princess

James Huneker, one of America's
foremost art critics, has ranked
Fred Stone as the leading comedian,
acrobat and dancer in the country.
It was he who pointed out so tren-
chantly about a year ago that Mr.
Stone's work belongs in the realm of
the fine arts, but that the elastic
Fred has brought to the American
stage a distinctive genius for fun-
making.

Now this genius has been trans-
ferred to the films and hundreds of
thousands of persons, who have
heretofore been deprived of seeing
Fred Stone, because of living such
a great distance from the metropol-
itan centers where he appeared, will
have a chance to view his rally ex-
traordinary art. His work is dif-
ficult to define; it consists of flash-
es of real acting, a humor that is
spontaneous and human, an acroba-
tic skill that gives the spectator the
idea that Mr. Stone has no bones in
his body and wonderful dancing that
is absolutely individual.

In "That Well Dressed Look,"
one is shown what may be con-
sidered the latest things in frocks
and designs, directly from the stu-
dio of the internationally known Hy
Mayer, who has put his best efforts
into the conception of bringing his
clever drawings to life upon the
screen. Nothing quite like it has ever
been attempted before, and the
smartness of the entire production
will surely impress itself upon any
one who has the good fortune to see
it.

Don't fail to see "Under The Top"
which the Princess theatre is show-
ing today.

"Roped" at The Mystic

One of the most distinctive fea-
tures of "Roped," the smashing Un-
iversal attraction in which Harry
Carey is being shown at the Mystic
theatre tonight is the excellence in
the cast in support of the star.

Although the tendency has been
general among producers to econ-
omize on productions by cutting sal-
aries or engaged lower-salaried per-
formers in supporting casts, the
Universal has maintained its usual
policy of providing absolutely the
best support possible for its stars.
This is exemplified strikingly in
"Roped."

The role of Aileen, the eastern
society girl who marries a western
cowpuncher and learns to love him,
is interpreted by Neva Gerber, pop-
ular leading lady for all of Harry
Carey's pictures. Molly McConnell
plays the part of a dowager—Mrs.
Judson-Brown. Arthur Shirley is
Ferdie Van Duzen, a "tounge lizard"
and J. Farrell McDonald also is in
the cast.

These names are sufficient to in-
dicate the strength of the presenting
company, to say nothing of the
Harry Carey outfit of hard-riding,
kid-lifting cowboys.

Louise Glauin in "Wedlock" will
be shown tomorrow.

COUGHS AND COLDS QUICKLY RELIEVED

Dr. King's New Discovery used
since Grant was President
Get a bottle today

It did it for your grandma, for your
father. For fifty years this well-known
cough and cold remedy has kept an
evergrowing army of friends, young
and old.

For half a century druggists every-
where have sold it. Put a bottle in
your medicine cabinet. You may need
it in a hurry. Sold by druggists
everywhere. 60c and \$1.20.

Bowels Acting Properly?

They ought to, for constipation
makes the body retain waste matters
and impurities that undermine the
health and play havoc with the entire
system. Dr. King's New Life Pills are
reliable and mild in action. All
druggists. 25c.

Advertising To the Consumer

Manufacturers doing a national or sectional business
use newspaper space because the newspaper is the uni-
versal consumer medium of advertising.

These manufacturers find it easy to get their goods
well distributed in any community through jobbers and
retailers who are willing to push products for which
there is general demand.

Newspaper advertising makes it possible for them to
reach consumers and dealers in as many or as few
communities as they wish to cover.

These communities are usually determined beforehand
by careful analysis of industrial, social and economic
conditions.

The Bureau of Advertising, American Newspaper Pub-
lishers Association, World Building, New York, has
some interesting data on hand covering this subject.
Yours for the asking.

SIXTY THOUSAND MINUTE-MEN TELL THE CENTENARY STORY

Poster of Methodist Minute Men and Centenary Symbol—E. Dow Bancroft, Columbus, Director of Minute Men For the Cincinnati Area.

THE war developed no more efficient agency for the distribution of its information than the Minute Men. In brief five-minute speeches, prominent business and professional men brought to the people of every community vital messages of the critical days. A similar plan is now employed by the Methodist Centenary in its gigantic campaign for \$115,000,000 for world-wide Christian reconstruction.

Sixty thousand volunteer Methodist laymen of the United States have been organized for this special work. It would be hard to find a Methodist meeting where one of these Minute Men is not presenting in some terse manner the vital message of this great movement, which has already resulted in the formation of an inter-church federation with a momentous program for a united campaign to bring the world to Christ. Over 6,300 of these men have been enlisted in the Cincinnati area (Ohio, Kentucky, and Southern Indiana) and many enlistments are coming in every day.

The area captain is E. Dow Bancroft, for twenty-seven years Railway Y. M. C. A. Secretary in Columbus and more recently attached to the "Y" staff on the western front. Mr. Bancroft has typified in his life work the energy and enthusiasm which a layman can devote to Christian service. J. A. Currier, Plain City, is the Area Minute Man Secretary.

Special posters, one of which is reproduced above, call attention to these Minute Men. They have a special organ all their own called "Missiles." Its pages are a secret from

the ministry of the church for two weeks following each date of publication and it has demonstrated that a religious publication can be really "full of pep."

The formation of such a body of active laymen marks a new era in the history of Christianity and means the mobilizing of tremendous forces hitherto dormant.

METHODIST CENTENARY EDUCATIONAL PROGRAM FOR THE UNITED STATES

Probably the greatest educational campaign ever undertaken by a church is that now being launched by the Centenary Movement of the Methodist Episcopal Church and the Methodist Episcopal Church South, which together plan to raise \$150,000,000 for missionary work, at home and abroad. More than \$14,000,000 will be spent on schools and teachers for the untaught children of the world, and instruction for grown people who had little or no schooling in their youth. Of this sum a considerable amount will be spent on educational work in our own United States.

Of the foreign-born white people in this country more than 12 per cent are illiterate; of the Negroes, over 30 per cent; of the Japanese, over 9 per cent, and of the North American Indians over 45 per cent. In many cases, especially that of the older foreign-born, the Church can teach these people to speak English, to read and write, and to understand American customs and laws, when the public school does not reach them.

High School Notes

The track team is practicing hard for their first meet which will be with Connorsville May 2. Twenty-five suits were ordered and it is hoped that a good number of the boys can qualify in order to enter in the sectional meets.

The Junior High School was entertained Friday afternoon with the second of a series of student programs. Louise Innis, SA, gave several readings: Marion Kinsinger, SA, played two beautiful violin solos and Leona Fletcher, SA, showed that she had an excellent voice in her solo, "The Rose of No-Man's Land."

Since the school was responsible for bringing the I. U. Glee Club here it was thought that it would be especially appropriate for the Boys Booster club of R. H. S. to be the ones to see to their welcome. When the club arrived in town Wednesday afternoon at 3:55 over the C. I. & W., they were met by about fifteen boosters, each in a machine. They were then taken to the auditorium where they left any baggage that they happened to have and from thence to the homes of the people that were to entertain them. All the boys asserted that they had received better treatment here than anywhere else. The club left at 11 o'clock Thursday morning for Greenfield where they were to give a concert at night.

The I. U. Glee Club concert Wednesday night was one of the best ever given in Rushville by a college

glee club. It was attended by a small but appreciative crowd. Every number was rendered in true professional style with plenty of good encores composed mostly of popular songs. Two good numbers, both of them encores were "Mickey" and the favorite of other days, "Sweet Rosie O'Grady." The best numbers by the club, however, were "Sing Along," followed by "I'm Always Chasing Rainbows." Dwight VanOsdol did some whistling in the latter which rivaled that of Harry Fox, the comedian for whom the song was originally written. The blackface specialty by Reed & Daily took well, the flute and vocal solos were extra good, and the steel guitar number by Mr. VanOsdol was given in his usual good form. The hit of the evening though was Johnnie Johnson's in his imitation of various pianos and pianists. The concert closed with college songs.

BOY RAISES FINE PORKERS

Fairland, Ind., April 18.—Samuel Tomlinson, 17 years old, of Fairland, sold a truck load of hogs at the Indianapolis live stock market Tuesday for \$20.85 a 100 pounds. He is a member of the agriculture class of the Shelbyville High School and has been raising live stock on rules given at the school. Members of his family have sold \$12,000 worth of live stock in the last year.

BIG PLANT WILL RESUME

New Albany, Ind., April 18.—The Ohio Falls Iron Works, employing 1,000 men, which has been idle some time, will resume operations in all of its departments, with day and night shifts, next Monday, it was announced at the mill.

Society

Mrs. Bert Mullin was a delightful hostess to the Auction Bridge club yesterday afternoon at her home in North Perkins street. The afternoon was devoted to playing bridge and at the close of the playing a delicious luncheon was served to the guests.

Miss Mary Elizabeth Roots, the daughter of Peter Roots and Robert G. Stanley, mail carrier, both of Connersville, were quietly married yesterday afternoon by the Rev. C. S. Black, at the M. E. Parsonage. They will reside in Central Avenue, Connersville.

A large crowd from this city attended the dance given in Shelbyville last evening at the Elk's club rooms. The 138th regimental band furnished the music throughout the evening. Among those who attended from here were Mr. and Mrs. Walter Capps, Mr. and Mrs. Walter Hubbard, the Misses Margaret Holbrook, Laverne Conway, Gladys Bebout and Louise Hogsett, and Earl Osborne, Halbert Brown, Robert Conway and Alfred Norris.

Members of the Daughters of the American Revolution met yesterday afternoon at the home of Mrs. Will Hill in North Morgan street. At the business session the members decided to continue knitting for the soldiers, and to support the two war orphans, which they have adopted, for another year. A report was also made by the war committee of the chapter of the work done during the war. At the social hour Miss Wanda Wyatt and Mrs. Georgia Moore sang a duet and a paper was read on "Our Ancestor, John Lewis," by Mrs. Will Hill. Light refreshments were served at the close of the evening.

Wednesday evening an "egg-celent" time was had when the Victory girls class of the Milroy Christian church entertained the Young Men's class taught by the Rev. W. R. Cady. A few other guests were also entertained. Mrs. Della Downs, Mrs. Nettie Kinnett and Clarence E. Brown. They came in response to a very unique invitation to attend an egg social. At eight-thirty the young people gathered at the church and were delightfully entertained throughout the evening with various games, the first being an egg hunt. Each guest being provided with a basket, proceeded to collect the eggs that were hidden around the rooms. The most successful couple in the hunt was Russell Kinnett and Della Downs. Other contests followed that were greatly enjoyed, in which Clarence Brown, Rowena Kennedy, the Rev. Mr. Cady and Ruth Marsh carried away the honors. At the close of the contests a two course luncheon was served.

PRE-EASTER SERVICES AT ST. MARY'S CHURCH

Principal Meeting of the Series Will be Held Sunday Morning at Eight O'clock.

K. OF C. WILL BE PRESENT

The pre-Easter services of the St. Mary's Catholic church will be conducted by the pastor, Rev. M. W. Lyons. Good Friday services will be observed tonight at 7:30, consisting of "The Way of the Cross," brief commentary, chanting of the "Lamentations of Jeremiah," and the "Benedictus." The chanters will be Paul Lagrange, Mark Purcell, Leo King and Francis Moormann. Easter Sunday, Holy Communion will be given at 6:00 a. m., followed by Masses at 8 and 10 a. m. The principal service of Easter Sunday will be at 8 a. m. when the Rushville Council of Knights of Columbus and the Holy Name society will attend in a body. At this time the choir will sing Korman's St. Rita's Mass with orchestral accompaniment. The soloists will be Mrs. Paul Lagrange, Miss Irene Reardon and Mark Purcell, with Paul Lagrange as director. The choir will be assisted in the orchestral accompaniment by A. P. Wagoner, Jesse Stevens, Omer Cole and E. E. Perin.

WAR VETERANS ARE URGED TO ORGANIZE

Continued from Page One
national organization of veterans of the world war. Men who have been active in the organization of returned service men in Indiana say it is imperative that a state organization be completed at once in order that Indiana may be ably represented at the national caucuses of world war veterans, called by Lieut. Col. Theodore Roosevelt, Jr., at St. Louis, May 8, 9, and 10th, for the purpose of completing a national organization of veterans of the world war. Although no names have been mentioned it is probable that Maj. Gen. Omar Bundy, the illustrious Hoosier, who has been named by some critics, the real hero of Chateau-Thierry, will be the first president of the Indiana state organization of veterans of the world war, if his duties as commander of Camp Lee, Va., will permit his acceptance of the honor. In any event he will be named an honorary officer of the organization pending his retirement to private life.

WOULD AUTHORIZE FARE FOR SOLDIERS

Continued from Page One
of the council and told how each man was chosen because he headed his profession in the state, and said that whatever credit was coming to him lay in his fortune to be able to get together such a band of men. Those who attended the banquet were Will H. Hays, Michael Foley, Thomas Taggart, Will G. Irwin, Evans Woodlen, H. R. Kurrie, Sam T. Murdock, Dr. C. P. Emerson, Dr. A.

B. Philpott, Will Freeman of Terre Haute, Charles Fox, E. M. Hinshaw, Mrs. Anne Studebaker-Carlisle, Isaac D. Straus, Judge William Sparks of Rushville, Dr. A. B. Storms, Walter Carpenter, Frank Wampler and Thomas J. Wilson.

A telegram from Governor B. Clarkson, director of the United States Council of National Defense, which was sent to the Governor, was read. Mr. Clarkson paid the Indiana body the compliment of saying it was one of the first in the country in achievement.

FAMILY GETS HAYS ESTATE

Sullivan, Ind., April 18.—The will of the late John T. Hays, which has been filed for probate in court here, bequeaths his estate, valued at \$100,000 to his widow and four children. His two sons, Will H. Hays, Republican national chairman, and Huckle C. Hays, are the executors.

PRaised BY GIBBONS

New York, April 18.—Cardinal Gibbons praises the war work of the Salvation Army here and abroad in a letter made public last night by former Governor Charles S. Whitman of New York, chairman of the national committee of the Salvation Army Home Service Fund.

REQUEST FOR A NEW POOR FARM PASSED

Continued from Page One
Hooker Wilson's farm in Ripley township. All other bridge appropriations were allowed as requested by the commissioners.

New bridges to be built and the appropriations are as follows: Mart Beaver bridge, \$650; Porter bridge

South of Charlotteville, \$350; James Smith bridge, \$1,200; Vern Smith bridge, \$600; Winship bridge, to be constructed of wood, \$10,000. An estimate of \$12,500 for a concrete bridge was also submitted.

Bridge repairs to be made and the appropriations allowed follow: C. H. Kelso bridge, Rush-Franklin county line, \$300; Elmer Morris bridge, \$1,800.

Rush-Payette county line, \$150; Downey bridge abutment, \$800; Williams bridge abutment, \$1,000; retaining wall at O. C. Norris bridge, \$1,800.

A Remarkable Gathering Of Spring Merchandise For Saturday's Easter Shoppers

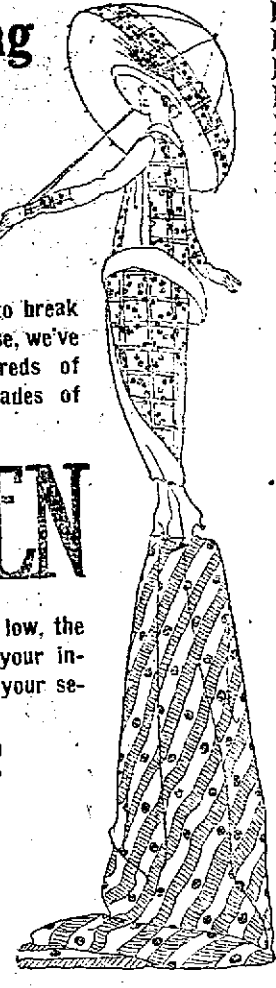

TOMORROW—the last day before Easter, we expect to break all selling records, and in order to accomplish our purpose, we've gathered a host of values that will appeal to hundreds of economical buyers who appreciate the very highest grades of merchandise.

The Easter Store for WOMEN

In many instances you will find our prices surprisingly low, the result of many special buying concessions. We invite your inspection and are sure that you'll be pleased to make your selection here.

Early Comers Will Fare Best!

Handsome New Easter Clothes

Spring garments were never more beautiful—their loveliness will take you by storm. With such insistent demands for suits, our response brings you the most wonderful suits in our history. The styles

vie with one another, in their appeal to your fancy. Then there are scores of pretty capes and dolmans in a multitude of models—one to please you we are sure. Gorgeous Easter frocks of georgette, taffeta, crepe de chene and jersey will meet your hearty approval. Altogether, no matter what your needs may be in raiment ready-to-wear, Mauzy's presents a bounteous and plentiful assortment of Spring-time's offerings.

Easter Stocks of Bewitching Character

The Easter stocks that we have assembled are in perfect harmony with this happy season; here will be found styles and suggestions for your Easter costume which will give you that assurance of "that well-dressed look" on Easter morn.

Easter Gifts and Jewelry

Are synonymous. It is most popular for Easter giving and need not be expensive either.

Choose from our "Little Paris Shop" your gift—be it necklace, hat pins, ear rings, solid gold lingerie clasps, brooches and many things too numerous to mention.

Beads—never more popular than at this Easter season.

Colored Silk Umbrellas

—to set off that new Easter suit and hat. The Silk Sun or Rain Umbrella in colors is as necessary to your attractive appearance on Easter as your new gloves, pumps or frock. You will delight in the rich color—harmonies of their silk covers with your costume. Novelties in handles of Bakelite or French Ivory with tips and ferrules to harmonize.

Easter Silk SPECIALS:
\$2.25 Foulards in all colors at \$1.50 a yard.
\$1.25 Poplins, countless shades at 89c a yard.
Other Foulards at \$2.00 to \$2.50 a yard.

THE MAUZY COMPANY

Silk Hosiery in Colors -- MAUZY'S

Stirrup and Silk Bags

Smart are the shapes of our black Moire Silk Bags, self-covered and metal frames, all finished with black silk tassel. A new display in prices from \$1.50 to \$7.50. You will find other bags in the stirrup shape huddle, black leather, superior quality and smart in appearance. You need this to complete your Easter outfit—\$5.00.

Correct Easter Footwear

There is no need to emphasize the important part a neat pair of oxfords or pumps plays in the accomplishment of correct dress at Easter time. There is a genuine pleasure we experience in knowing we are correctly shod. We have an abundance of beautiful models from which you may choose. Footwear from this store will insure you that confidential feeling that you are properly attired in the Easter parade.

Easter and Spring Silks

The fashionable Easter Silks are here in all their splendor. Our collection was never more complete and never more beautiful. Choosing from such a collection is a pleasure, a decided advantage to women planning clothes of character and individuality.

Figured Georgette—the very latest creation in our silk department—you cannot fail to be pleased with these beautiful patterns.

BARONETTE, PLAIN & BROCADED

An exquisite fabric for Spring and Summer Skirts. After seeing this material you will be charmed with its loveliness. In beautiful shades of Rose, Navy, Ocean Blue, Grey and Tan at \$5.00 a yard.

MOIRE SILKS—shown in colors of Dark Blue, Olive, Drab and Black. Quite serviceable.

Vitality

VIM, VIGOR—"PEP"—the great need of today, when men and women should have strength, fortitude and cheerfulness—these are denied the poor sufferer from kidney and bladder trouble.

That awful tired feeling, heaviness, languidness, soreness, stiffness, backache, rheumatic pains, lumbago, painful bladder weakness and other symptoms soon disappear when the kidneys are strong and healthfully active.

Foley Kidney Pills

act promptly and effectively to restore weak, overworked or diseased kidneys and bladder to health and normal functioning. Their healing and curative qualities are guaranteed.

M. T. Weston, 325-10th Ave. W., Duluth, Minn., writes: "I am pleased to testify that Foley Kidney Pills have been the means of giving me relief from a case of kidney and bladder trouble which bothered me for some time."

F. B. JOHNSON

Ruptured 21 Years

Finds Relief At Last

This is the experience of Mr. Theo. C. Jarvis, 320 W. Fifth St., Rushville, Ind., well known Interior Decorator. Mr. Jarvis had tried every kind of truss he could hear of without the slightest benefit. His double rupture became steadily worse. Finally he found something that really helped him, something that promises speedy relief. He feels so grateful that he wants every ruptured person to know about his discovery. Mr. Jarvis has nothing to sell. He simply wants to help other sufferers. Call at his home or write him and he will gladly give you the benefit of his experience and will not charge you a penny.

Special Programs in Observance of the Day Will be Given by Most Congregations.

TWO ARE ANNOUNCED TODAY

Vesper Service at First Presbyterian and Sunday School Program at First U. P. Church.

Easter will be observed in all Rushville churches and most of these in the county, with special services. An Easter vesper service will take place at the First Presbyterian church Sunday afternoon at 4 o'clock and the Easter program of the First U. P. church will be at the regular Sunday school hour. The Main Street Christian church will observe Easter with a Sunday night program and a special effort is being made to have 1,000 present at Sunday school. Programs announced today follow:

Program for First Presbyterian Vesper Praise Service, Sunday afternoon 4 to 5 o'clock:

Organ Prelude—Miss Lucile Linn.
Hymn, "Come Thou Almighty King."
Hymn, "Christ the Lord is Risen."
Chorus, "Light Out of Darkness"—Junior Choir.
Duet, Misses Helen Pearson and Margaret Herkless.
Hymn "All Hail the Power of Jesus Name."
Scripture story from Gospel of John Chorus, "Risen Indeed"—Junior Choir.
Prayer of Thanksgiving.
Offertory—Miss Linn.

Recitation "One Day's Work"—Helen Price
Song—Dorothy Conner
Quartet
Prayer

The above program will be followed immediately by Morning Preaching Service, conducted by the Pastor Rev. John T. Aikin.

Stunning Gowns for Mrs. W.

(By United Press)

Paris, April 5. (By Mail.)—It is whispered that Mrs. Wilson, the president's wife, will have some stunning spring and summer gowns when she reaches America.

She has been making a number of trips to the shopping districts since returning to Paris, and she is also seeing the dressmakers. There is wild rivalry among the fashionable modists for her custom, since they can let it be known that the American president's wife has been a patron.

WET WEATHER

may delay you in your CORN PLANTING and if it does, do not forget that we can supply you with Four tools that will make up for lost time. Disk Harrows will help you. Soil Pulverizers are what you need and you don't want to take any chance on a Corn Planter when Corn is worth \$1.75 per bushel. Be sure you have the Right planter and there is only One Right One, and that is the C. B. & Q. and the Bean and Pea attachment is only \$2.50 extra and you can plant your beans and peas where you want them with no hit and miss about it. Automatic Marker that you never touch from the time you go in the field until you drive out. Now don't forget that these planters are the newest ones out and when you see it you will appreciate what it is.

CORN PLOWS, well, our One Row is the Only plow that you can plow with and make every adjustment in an instant without even getting out of the seat and with out a wrench of any kind. Be Sure and see this cultivator before you buy one or you will be sorry. Our Two-Row Plow is lighter Draft. Let us show you why. See our Spring Tooth and Spike Tooth Harrows. Manure Spreaders with Straw Attachment, and in fact every tool known to make your crops pay you more money. If the weather continues wet, you may want a Tractor. We have them here on the floor, as well as Trucks of all sizes. Both the McCormick and Deering Harvesting tools, Keystone Hay Tools, in fact Everything you need to farm with. We Will Appreciate a Friendly Visit From You.

AMERICA'S IMMORTALS

LOUIS CUKELA,
Lieutenant, 5th Regiment, U. S. M. C.

Lieutenant Cukela was decorated for conspicuous gallantry near Villers-Cotterets, France, July 18, 1918. When his company, advancing through a wood, met with strong resistance from an enemy strong point Lieutenant Cukela, then a sergeant, crawled out from the flank and made his way toward the German line in the face of heavy fire, disregarding the warnings of his comrades. He succeeded in getting behind the enemy position. Rushing a machine gun emplacement, he killed the crew with his bayonet. With German hand grenades he then bombed out the remaining portion of the strong point. His home is in Minneapolis, Minn.

SEAN O'CEALLAIGH

Sean O'Ceallagh (John O'Kelley), member of parliament, who is the Irish delegate at the peace conference.

Expectant Mothers View Event Calmly

Time Brings Knowledge That by Use of Penetrating Remedy Suffering is Avoided.

Thousands of women have found by the application of Mother's Friend, the penetrating external remedy, prepared especially for expectant mothers, that pain and suffering at the crisis is avoided and that in addition the months preceding the crisis are free from nervousness, nausea, stretching and bearing-down pains and general discomfort. Mother's Friend makes it possible for the expectant mother to hence actually aid nature in the glorious work to be performed, and no woman should expect to give nature a helping hand. It will mean infinitely less pain and the hours at the crisis will be less. The period is one of calm repose and peaceful night.

By the use of Mother's Friend the skin is kept soft and natural, and expectant mothers say that it is much better to keep your health and good looks during the period of expectancy than to try to regain them afterward.

Write the Brandeis Regulator Company, Dept. G, Leazar Building, Atlanta, Georgia, for their interesting Motherhood Book, and obtain a bottle of Mother's Friend and use it.

There won't be enough Fordson Tractors to go 'round!

THE demand for the Fordson tractor is so great that it will be a long time probably before everyone will be able to get one. Therefore, if you are looking for a tractor and wish a Fordson you should see us at once.

The Fordson has more than fulfilled expectations. With its economy—efficiency—durability—it is ideal for the average farm.

Burns kerosene—has special air washer—and all moving parts are enclosed—there is practically nothing to cause trouble.

Use it with the Oliver No. 7 Plow

Here are some of the big Oliver features: The combined rolling coulter and jointer buries all stalks, weeds and trash at the bottom of the furrow; and the stop device maintains an even depth of furrow. The best plow for your Fordson—that's the Oliver.

Come in and let us show them to you.

With The Churches

+Glenwood United Presbyterian church:—The Bible school will meet at 1:30 p. m. There will be preaching at 2:15.

+Elder Walter King of Indianapolis will preach at the Primitive Baptist church Saturday evening at 7:30 o'clock and at the regular services Sunday.

+First Baptist church, Sunday services: Sunday school at 9:30. A short program of Easter music and a few appropriate selections will be given by the children at the Sunday school hour. Public worship at 10:45 a. m. and 8 p. m. Subject for the morning sermon, "The Purpose of God Revealed in Christ," theme for the evening sermon, "The Joy and Hope of Easter." Baptist Young People's Union will meet immediately preceding the preaching service. All are welcome to these services.

+St. Paul's Methodist Episcopal Church:—Services for Easter Sunday: Sunrise prayer and praise service at 6 a. m.; Sunday school at 9:30; divine worship at 10:30; pastor's sermon topic, "Meditation by the Open Sepulchre." Junior League at 2:30; Epworth League at 7; special Easter program by the Sunday school at 8 o'clock. The Easter offering of the school to Missions will be made by classes at this service. Everybody is cordially invited to be present.

+First Presbyterian church: 7 a. m., Quiet hour; 9:15 a. m., Bible school, M. V. Spivey, supt., with splendid Easter program during the last part; 10:30 a. m., Divine worship, sermon, "The First Fruits of the Resurrection," with splendid Easter music; 4:55 p. m., annual Easter Vesper Praise Service, consisting of special musical program, as announced elsewhere. Thursday 7:30 p. m. Prayer Meeting.

+The Rev. P. O. Ortiz, pastor of the Homer Christian Union church, has returned from a trip through the west, and will occupy the pulpit at Homer Sunday morning and evening. At 11 a. m. he will preach on the subject, "Easter in Reality," and in the evening at 8 on the topic, "The Voice of Triumph." Both addresses will deal with present day possibilities.

+All the services at the Main Street Christian church will be given to the Easter spirit. At 9:15 the Bible school and at 10:30 Rushville Commandery No. 49, Knights Templar, will attend in a body and the past will speak on "The Grave in the Garden." The Juniors will meet at 2:30, the Christian Endeavor Society at 6:30 and at 7:30 a special program of music and recitations will be given by the Bible

school. Thursday at 8 o'clock the regular mid-week service will be led by B. F. Miller.

+At the First United Presbyterian church, the Bible school will meet at 9:30 after the lesson period. At 10:25, the school will meet in the auditorium of the church, and an Easter program, under the direction of the superintendent, B. L. Trsbue, will be given by the children of the primary and junior departments. This will be followed immediately by the preaching service, in which the pastor's theme will be "The Resurrection of the Body."

The Young People will carry out a special Easter program at 7 o'clock, with Miss May Cheek as leader. At 8 o'clock there will be public worship, sermon subject, "Mary's Easter Message." In all these services of the day special music will be rendered by the choir.

Congregational prayer meeting on Thursday evening at 7:30.

Library Notes

(By MARY SLEETH, Librarian)
Your Job at Home

Now that the war is over, and you are back home, the next thing to tackle is your job. Books will help you get that job, or brush up on the one that has been waiting for you.

There are books on every trade and profession at which men have worked. Some of them tell of successes, some of failures. Read and learn how to succeed in your work.

These are a few of the lines in which competent men are needed. Accounting, Advertising, Automobile work, Banking, Building, Business, Drafting, Electrical Work, Engineering, Farming, Foreign Trade, Journalism, Machine Shop Work, Railroad, Salesmanship, Seaman's Shop Sheet Metal Work, Shipbuilding, Telegraphy, Telephone, Tool-making.

The Rushville Public Library has books on most of these subjects, and will buy more if there is a demand for them. Each day we will publish a list of the very best books to be had on one of these subjects.

The Wide Awake Class of the Methodist Sunday school will hold an exchange Saturday, Apr. 11, at the Record restaurant room. 316

IN THE SPRING

When Energy and Vitality are Lowest, then—Influenza!

(By S. C. BOWER, M. D.)

At this time of the year people feel weak, tired, listless, their blood is thin, they have lived indoors and perhaps expended all their mental and bodily energy and they want to know how to renew their energy and stamina, overcome headaches and backaches, have clear eyes, a smooth, ruddy skin and feel the exhilaration of real good health tingling thru their bodies. Good, pure, rich, red blood is the best insurance against ill of all kinds. You are apt to suffer from an attack of Influenza if your health is run down.

Purify the blood and you can defy influenza. This is the time to clean house and freshen up a bit.

Drink hot water a half hour before meals, and for a vegetable tonic there's nothing better than Dr. Pierce's Golden Medical Discovery, the old-fashioned herbal remedy, which has had such a fine reputation for fifty years. It contains no alcohol or narcotics and is made into tablets and liquid. Send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. for trial package.

Milwaukee, Wis.—"For the last twenty years I have used Dr. Pierce's Golden Medical Discovery at times as a general tonic, with excellent results. One bottle in the spring and one in the fall is usually sufficient. It has given me added strength and endurance and has greatly aided me in following the strenuous life of a freight handler. I have also found the 'Pleasant Pellets' very beneficial as mild in action."

"I have been through Dr. Pierce's Invalids' Hotel and Surgical Institute at Buffalo, N. Y., and have found everything as represented. The pictures given of their buildings are accurate."—John W. McLean, 123 Wisconsin St.

For Miller Tires Go To

Bussard Garage

Phone 1425

Selected by Us to Give You Quick Service

Uniform Tires

Mean Long-Distance Millers

They Look Alike and Wear Alike

MILLER TIRES are built by men who are trained to a championship standard. Only by uniform workmanship, can tires ever be uniform in mileage like the Miller. To train men to our perfection takes much time. We cannot supply all dealers with Miller Tires.

So our policy is to concentrate, as a rule, on the dealer in each locality who will give Miller Tire users exceptional attention. That governed our choice in this city.

We chose a concern that knows that to give real service it must first of all carry a full stock of sizes, so that when you want a Miller Tire in a hurry, you can get it without waiting.

We are impressed especially with their ability to give motorists an expert repair service, and by their reasonable charges.

Before making this selection we canvassed the local field thoroughly. And the Miller agents here are making good with us by making good with you. Are you getting the benefit of what they have to offer?

The Miller Rubber Company

Mrs. Lab Tribby of Indianapolis visited in Arlington last week.

Milroy

Robert M. Ray transacted business in Cincinnati, Thursday.

The C. W. B. M. of the Christian church is observing the week of prayer. The society held its first meeting at the home of Mrs. Laura Bosley, Tuesday, the leader being Mrs. Della Downs. On Thursday night the meeting was held in the prayer meeting room at the church with the Rev. W. R. Cady as leader.

The leader for Friday night is Mrs. Laura Bosley and the meeting will be held at the Christian parsonage. On Sunday night a special public program will be given. The public is requested to be present and especially members of the C. W. B. M.

The final drive of the centenary is on at the Methodist Episcopal church and will continue until Sunday night.

Frail, Sickly Children Improve Rapidly on Vinol

The reason we so strongly recommend Vinol for frail, sickly children is because it is a non-secret remedy which contains Beef and Cod Liver Peptones, Iron and Manganese Peptonates and Glycophosphates—but no oil—the very elements needed to build them up. It is delicious to the taste, and children love it.

These Two Mothers Have Proved This.

Bainbridge, N. Y.
"My little daughter, 13 years old, overworked and was run-down, tired all the time, nervous, had headaches, couldn't eat and I had to stay out of school. Vinol has built her up. She has a good appetite, no more headaches and has returned to school again."—Mrs. Lester Andrews.

Williamson, W. Va.
"My little boy was weak, puny, and tired all the time, did not want to do anything. Vinol was recommended and it built up his strength and made him healthy. Now he romps and plays like other children. We certainly believe in Vinol for children."—Harley Clay.

Starving in the Midst of Plenty

Acid-Stomach Steals Strength and
Good Feelings From Millions

One of the worst features of acid-stomach is that very often it literally starves its victims in the midst of plenty. And the strange thing about it is that the people with acid-stomachs seldom know what their trouble really is.

No matter how good or wholesome the food may be, or how much they eat, they do not gain in strength. This is clearly explained by the fact that an acid-stomach cannot properly digest food. Instead of healthy, normal digestion, the excess acid causes the food to sour and ferment. Then when this mass of sour, fermented food, charged with excess acid, passes into the intestines, it becomes the breeding place for all kinds of germs and toxic poisons, which in turn are absorbed into the blood and in this way distributed throughout the entire body. And that is exactly why it is that so many thousands of people eat and eat and keep on eating and yet are literally starving in the midst of plenty. Their acid-stomachs make it absolutely impossible for them to get the full measure of nourishment out of their food. And it doesn't take long for this poor nourishment to show its ill effects in a weakened, emaciated body.

You may say: "My stomach doesn't hurt me. That may be true because many victims of acid-stomach do not actually suffer stomach pains. Then again, there are millions who do suffer all kinds of aches and pains—head-aches, rheumatic twinges, gout, lumbago, pains around the heart and in the chest—who never dream that an

acid-stomach is the real cause of the trouble.

Naturally, the sensible thing to do is to strike right at the very cause of this trouble and clean the excess acid out of the stomach. There is a quick, easy way to do this. A wonderful new remedy quickly removes the excess acid without the slightest discomfort. It is EATONIC. Made in the form of tablets—they are good to eat—just like a bit of candy. They literally absorb the injurious excess acid and carry it away through the intestines. They also drive the bloated out of the body—in fact you can fairly feel it work. Make a test of EATONIC in your own case today. Get a big box of EATONIC from your druggist. See for yourself how surely it brings quick relief in those painful attacks of indigestion, bitter heartburn, belching, disgusting food repeating, that awful bloated, lumpy feeling after eating and other stomach miseries. Banish all your stomach troubles so completely that you forget you have a stomach. Then you can eat what you like and digest your food in comfort without fear of distressing after effects.

If EATONIC does not relieve you, it will not cost you one penny. You can return it to your druggist and get your money back. So if you have the slightest question about your health—if you feel you are not getting all the strength out of your food—if you are not feeling tip-top, ready for your work, full of vim and vigor—do give EATONIC a fair trial this very day and see how much better you will feel.

EATONIC
FOR YOUR ACID-STOMACH

PRUNES AND BATHTUBS SENT EUROPE BY U.S.

American Habits Being Acquired
Abroad, According to Reports
From Exporters

LEARNING FROM THE YANKS

(By United Press.)
Washington, April 18.—From bathtubs to chewing gum, Europe is acquiring American habits.

The chewing propensities of the Yanks—both as regards gum and tobacco—and their natural propensities toward bathing—apparently have affected the French and British if export figures tell anything.

Some 3,500 miles of chewing gum—if the sticks were placed end to end—or approximately 735,000,000 chews have been exported from the United States since the armistice was signed. Commerce department figures reveal. Additional chews have been sent across in the form of \$1,000,000 worth of plug tobacco since the armistice.

The bath-tubs shipped numbered 1183—or about two miles of 'em—the figures show.

Even the American boarding-house prune habit has hit Europe. 4,135,776 pounds of dried prunes having been shipped to various European countries since the armistice.

THEATRE PRICES TO GO UP

Taxes Will be Raised Next Month on
Owner of Shows.

From all indications the theatre goers will be compelled to pay higher prices for the privilege of seeing motion picture shows after the first of May as the tax will be raised on the theatre owner. Instead of the \$50 a year he has been paying in the past, he will be compelled to pay a tax of \$100 and also a 5 percent tax on every film that he shows. City houses have already raised their prices and from all indications the prices in the local theatres here will be raised after the first of next month.

5 KILLED IN RIOTING.

Rome, April 17.—Five persons were killed and several wounded during the Socialist demonstrations here today. Twenty-four hour strikes have been declared in Milan, Turin and Genoa.

FOREIGN LANDS ASK FORESTS BE REBUILT

Europe is Anxious to Start a Seed
Exchange With the United States
at Once.

LANDS TO BE REFORESTED

(By United Press.)
Washington, April 18.—Flood stricken China wants seeds from the United States, for an active policy of reforestation has been started. With this in view, it is anxious to start a system of seed exchange with the United States. Request for co-operation has been received by the American Forestry Association from Forsythe Sherfesse, adviser in forestry of the Ministry of Agriculture and commerce, Peking. This work is to be inaugurated along the line of the Peking-Hanlow Railway.

P. S. Ridsdale, secretary of the American Forestry Association, has been notified by Sherfesse of the kinds of seed China has to exchange for those which are needed there.

Plans for the help which is to be rendered to France, Belgium and Italy by the American Forestry Association in reforesting their devastated areas, are now under way. Secretary Ridsdale has recently returned from Europe.

"No finer memorial can be erected by the American people," he said, "than large tracks of forest in Europe to take the place of those which helped to hold the Hun back from Paris. Inquiries and offers of co-operation are coming in from all over the country. About one or one-half million acres of forest in France have been destroyed by shell fire or used for military purposes and practically all of Belgium's forests having any timber value were cut down by the Germans. Fully 450,000 acres of Britain's forest—one half of her total forest area—went for war work."

Out of twenty Minnesota farms used prior to the war to obtain information relative to farm-operation costs, only one farm was found where there were sufficient vegetables—other than potatoes and beans—to make inventory. "All this has now been changed."

HELPFUL TO CHILDREN

Mrs. Geo. Peffy, Van Buren, O.—"Have used Hull's 'Superlative' last two years as family medicine. Always relieves my children of La Grippe, colds, bilious fever spells." Your druggist has Hull's Superlative.—(Adv.)

HOUSES FOR SCOTCH WORKERS PUT IN PARK

Homes Were Made of Wood in Michigan and Then Shipped to That Country.

SOLD THROUGH THE RED CROSS

(By United Press.)
Dundee, Scotland, Mar. 28. (By Mail.)—Municipal houses for workers have been established in public parks here.

The houses, which are of wood and are portable, were made in Kalamazoo, Mich., and were sold to the Dundee city council through a newspaper advertisement by the American Red Cross, who found them "white elephants". It had been intended to use them as auxiliary hospitals.

The houses are fifty feet by twenty and were bought by the city council when new factories caused an influx of workers who overcrowded Dundee.

Each house is divided into five separate houses of two rooms, the size of the miniature house being ten feet by twenty. Each worker is charged \$1.25 a week rent. All are rented.

Inward Satisfaction Vs. Outward Evidences of Anxiety

Outward evidences which advertise the average motorists' anxieties are noticeably absent from the FRANKLIN SEDAN—radiator blanket, water thermometer, alcohol fumes, spare tires, shock absorbers.

Contrast the advertised worries of other motorists with the inward satisfaction of the FRANKLIN SEDAN owner. No water to boil or freeze—177 parts incident to water cooling eliminated. Half as many tires to buy—blowouts and punctures almost unknown. More miles per day and more days per year than other motorists get.

When you buy a FRANKLIN SEDAN you buy a clean bill of performance with freedom from many common worries, big and little.

EASTER—GLAD—EASTER

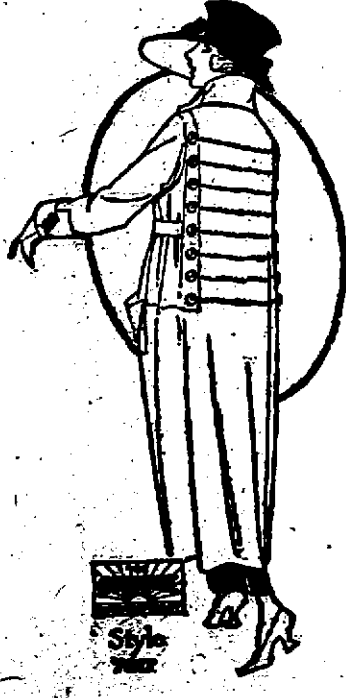

Have you paused to consider that the Easter-tide now approaching cannot fail to be the most glorious in the annals of all history

Right supercedes error—truth reigns supreme over kultur. Yes, there will be an agreement on the terms of peace. The world's necessity makes that step imperative.

There is no possible escape. It must be done. And now with those wondrous boys in khaki still returning to us, let us indeed and in truth be glad.

It is truly a fitting time to select that Easter apparel with unusual care. Our very highest degree of service is at your disposal

QUALITY

SERVICE

LAXATIVE for Aged People

THE BANE of old age is constipation. The bowels become weak and unable to perform their functions without aid. For this purpose only the mildest and gentlest laxative should be used. The use of harsh cathartics aggravates the trouble and makes the constipation worse. Chamberlain's Tablets are a favorite with people of middle age and older on account of their gentle action.

Chamberlain's Tablets

30c, 60c, \$1.20

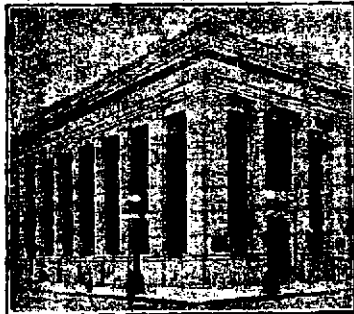

OUR PROPERTY

has an added value that is due to the character of the Government under which we live. Under other less favorable forms of Government all kinds of property would shrink in value. This added value can be preserved only, if we, as citizens do our full share to maintain our splendid national life.

OUR COUNTRY CALLS

every citizen to help make the coming VICTORY LOAN a success. The money is needed. Obligations of the nation must be met. Patriotic men and women will again show their loyalty to the country. Such action will serve our nation and will help to maintain the material blessings we now enjoy.

EACH PERSON SHOULD DO HIS FULL DUTY.

Na-tu-ra

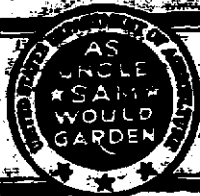

A RATIONAL TREATMENT FOR ALL FORMS OF CATARRH
Catarrh robs you of the energy that properly belongs to life and is a sworn foe to Vim, Vigor and Good Health.

Read what Mrs. Jacob Branstetter, Michigantown, Ind., says: I had been affected with catarrh for 20 years. I had stomach trouble and kidney trouble with a hurting in the back. My back was very weak. I was also very nervous and I passed many sleepless nights. I have now been using Natura for about two months. My stomach is doing fine, my kidneys are doing fine and my back aches is gone, my nerves are in fine shape and I sleep a refreshing sleep. My general health is greatly improved. I am perfectly satisfied with the results I have got from NA-TU-RA.

SETTINGS IN GARDENS PLANTS BORN INDOORS

It is assumed that the wide-awake gardener has been busy long before the weather is warm enough to sow any seeds in the open ground; that a window box or hotbed has been provided, and that a supply of plants of tomatoes, peppers, early cabbage and eggplant are under way to set in the garden as soon as danger of frost is past.

If plenty of indoor space is available, such crops as snap beans, cucumbers, cantaloupes, and even sweet corn may be started in flower pots, paper bands or berry boxes filled with good soil, and they will be of considerable size by the time the air is warm enough to plant them outdoors. Plants that are grown in the house or in the hotbed must be hardened or adapted to outdoor conditions before they are set in the open ground. This is accomplished by gradually exposing them to the open air during the warmer part of the day and later at night, care being taken that they are not caught by a sudden cold snap.

Where the plants are grown in

and gently knocking the edge of the pot on something solid. The plants, then are set with the ball of earth adhering to their roots.

If the plants have been grown in paper bands or berry boxes the sides of the bands or boxes should be slit with a knife and removed as the plants are set. Where the plants are grown in trays or in a hotbed, a knife should be run between the rows, cutting the earth in both directions, and each plant lifted with a cube of earth attached to its roots.

The holes or furrows in which the plants are set should not be made until ready to transplant the plants. If made too soon, the soil will dry out and cause the plants to wilt. Under all circumstances, it pays to apply a little water around the roots of each plant as it is set; this causes the soil to form a close contact with the roots of the plant. After the water has soaked into the soil, dry earth should be filled in around the plant and slightly firmed. Plants

An ideal tomato plant ready to be placed outdoors—Setting tomatoe plants in a garden

boxes or trays, the boxes may be carried into the open each day and the plants allowed to become gradually accustomed to the outdoor conditions. If they are in a hotbed or coldframe, the sash or other cover is lifted off during the day and replaced at night. Later the covering is left off entirely; however, it should be kept close at hand to be put on at any time that the weather should turn cold.

Plants set in the open ground may be protected from frost by turning small boxes over them and covering the boxes with a little earth. Old berry boxes are sometimes used for this purpose, but should be covered completely with soil, as the plants will freeze just as readily underneath the exposed boxes as if left in the open without any cover whatever. A good method of protecting plants is by setting common roofing shingle or a small piece of board at an angle over each plant. These shingles can be set on the side to protect the plant from the sun during the daytime, or they may be placed on the opposite side in order to protect the plants from the wind and allow the sunshine to reach them.

In some cases gardeners have provided small frames, on the top of which are fitted single panes of glass and one of these frames is set over each plant or hill to protect it. The glass should be so arranged that it can be partially removed during the warmer part of the day in order to prevent the temperature becoming too high inside the frame. These protectors give good results when used over hills of cucumbers, cantaloupes, and summer squashes as well as over plants of sweet peppers, eggplant, and tomatoes.

There are a few points in connection with the transplanting of house-grown plants to the garden that are worthy of special attention. In the first place, the plants to be transplanted should be watered a few hours before they are to be handled; this will cause the dirt to adhere to the roots and give them a better start when they are planted out. If the plants are grown in flower pots, in paper bands, or berry boxes, they should be carried to the garden in their containers. Pot-grown plants should be loosened by inverting them

set in this manner will invariably start without wilting.

It is always a good idea to have a few more plants than are required for filling the space in the garden, in order to replace any that die or are destroyed by insects.

MARSHAL FOCH

A new photograph of Marshal Foch, commander of the allied armies. This photograph was made in Paris while Marshal Foch was attending the peace conference.

How Soldiers Dispensed Attacks

"For two years my stomach trouble was very bad, my doctor had to inject morphine on several occasions when I was stricken with these attacks. Since taking 4 bottles of Mayr's Wonderful Remedy I have been entirely well and am serving in the artillery, having been pronounced in perfect health by government physicians." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

Willard SERVICE STATION

Hot and Heavy

A thermometer won't keep you warm. It will tell you when the room is too hot—or too cold.

A hydrometer won't keep your battery charged. But it will tell you when the battery solution is too heavy or too light—and in this way will indicate when your battery needs to be charged.

It's easy to use the hydrometer. All you do is to draw up a sample of battery solution in the hydrometer tube, and read the figures on the stem of a little glass float.

If you've never tried it, come around and let us show you how easy it is.

Ask, before you forget it, just what there is about the Bone-Dry Willard Battery that makes it so substantial and long lived.

EXECUTOR'S SALE OF REAL ESTATE.

Notice is hereby given by the undersigned executor of the will of Elizabeth Hume, deceased, that by virtue of the authority conferred by said will, he will at 1:30 p. m. on SATURDAY, the 17th DAY OF MAY, 1919, and from day to day thereafter until sold offer at private sale the following described real estate in Rush County, Indiana, to-wit: Lot No. 12 in L. P. Root's Heirs' Addition to the town of Mt. Vernon, Indiana. Also a part of the southwest quarter of Section thirty-two (32), Township fourteen (14) north, Range ten (10) east, beginning in the east line of Perkins street in Rushville, Indiana, at a point 83 feet north from a point which point is 50 feet east from the southeast corner of lot No. 8 in the Citizens' Building. Leaning and running thence north along the east line of Perkins street 35 feet, more or less, to the center of a cement walk running east and west; thence due east to the west line of Mary Winston's land; thence south to a point due east of the place of beginning; thence west to the place of beginning, situated in the city of Rushville, Rush County, Indiana. Bids will be received at the office of A. L. GARY, Rushville, Indiana.

TERMS OF SALE—One-third, cash; one-third in six (6) months; one-third in twelve (12) months, with privilege to purchaser of paying all cash. Deferred payments, if to be evidenced by notes of purchaser secured by the first mortgage on the real estate sold. GEORGE W. LOONEY, JR., Executor. April 25-May 29

NOTICE TO ROAD CONTRACTORS

State of Indiana, Rush county, ss: Notice is hereby given that the board of commissioners of said county, at their office in the court house at Rushville, Indiana, will receive sealed proposals for the improvement of a certain highway 525 feet in length, in said county by grading, draining and paving with crushed stone, as set out in the specifications, plans and profile now on file in the office of the auditor of said county, by and under the laws of the State of Indiana. Said sealed proposals will be open and the contract awarded for said improvement on the 26th day of April, 1919.

Bids or proposals will be received up to 2 o'clock p. m. on said date. The said road to be improved is located in Richland township, in Rush county, Indiana, and is to be known as the Gabe Hildreth road when so improved.

Bids will be for the completion of the said improvement in accordance with

WEAVING

Wm. J. P. MILLER
Phone 1976
Call After 5 P. M.

the plans, profile and specifications in the office of the auditor of said county, and shall include all labor and material for said work. In no case will extra compensation be allowed for any additional work alleged to have been done by the contractor or contractors to whom is awarded the contract.

Each bid shall be accompanied by a personal or surety bond in a sum equal to double the amount of the bid filed for the work bid on, to be approved by the board of commissioners of said county. Said bond shall be conditioned for the faithful performance of the work; the sureties, if personal, shall be resident freeholders of the State of Indiana, one of whom shall be a resident of Rush county.

Said bond shall be for the benefit of any person, persons or corporation who shall suffer any loss or damage by reason of any such bidder failing or neglecting to enter into a contract to perform such work awarded by the said board of commissioners or to carry out the same in any particular or to pay upon failure to submit a bid which may have been furnished to any such contractor or contractors or to any subcontractor, agent or superintendent under him, in the construction of said work.

Said improvement will be let as a whole to the lowest responsible bidder upon affidavit of noncollusion, which must be submitted with the bid. Any failure to submit such affidavit such proposal or bid will be rejected by the board; and the board reserves the right to reject any and all bids. Time for the completion of said work will be agreed upon after the letting of said contract by said board of commissioners and successful bidder.

Given by order of the Board of Commissioners of said County.
WM. H. McMILLIN, Auditor.
April 18-25

MOTHER GRAY'S POWDERS

BENEFIT MANY CHILDREN

Thousands of mothers have found Mother Gray's Sweet Powders an excellent remedy for children complaining of headaches, colds, feverishness, stomach troubles and other irregularities from which children suffer during these days and excellent results are accomplished by its use. Used by mothers for over 30 years. Sold by Druggists Everywhere.—(Adv.)

7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco or Alcohol or by Excess of Any Kind, Bio-Feren is What You Need Right Away.

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence.

You can have nerves of steel, firm step, new courage and keen mind by putting your blood and nerves in first-class shape with mighty Bio-Feren, a new discovery, inexpensive and efficient.

Men and women who get up so tired in the morning that they have to drag themselves to their daily labor will in just a few days arise with clear mind, definite purpose and loads of ambition.

All you have to do is to take two Bio-Feren tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone.

Then if your energy and endurance haven't doubled, if your mind isn't keener and eyes brighter, if you don't feel twice as ambitious as before, any druggist anywhere will return the purchase price—gladly and freely.

Bio-Feren is without doubt the grandest remedy for nervous, run-down, weak, anaemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

FASCINATING TEETH

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store, and get a large tube of SENRECO TOOTH PASTE for 35 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of Pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

The Reason Why We Sell G & B PEARL

WE want business. Consequently we must make satisfied customers who come back again and again. The best way we know to make satisfied trade is to sell satisfactory merchandise. That's why we handle G & B PEARL Wire Cloth for screening doors, windows and porches.

G & B PEARL Wire Cloth outwears painted and galvanized cloth by years, simply because it is more rust proof by far than any similar cloth. And you know rust, not wear ruins screens. From every standpoint—wear—economy—looks or cleanliness—G & B PEARL Wire Cloth is the one best buy for screening.

We sell the genuine article with the G & B Round Tag on the roll and 2 Copper Wires in the Salvage.

HAS COME BACK

After being off the market for the past twenty months due to the fact that the draft blew in and put it on the bum, the famous old Country Club Cigar has come back and I wish to assure its old friends that the same high standard of quality will prevail and they will always find it to be the same good cigar every day in the year. Those who have never tried one, give it a play. It's a safe bet you will be satisfied because it has that cool, delicious and all-tobacco flavor and aroma that is sure to please the most particular smoker. Can be had again at all dealers at a very moderate advance in price.

COUNTRY CLUB 7c CIGARS

MAKES SMOKING WORTH WHILE.

BOLSHEVIKI TELLS LABOR'S NEW PLAN

Doubtful if Movement Will Spread to America Where Working Conditions are Better.

FIND SEAT OF DISTURBERS

Say That They May be Oppressed for a While But That Finally They Will be Recognized.

By EDWIN W. HULLINGER
(U. P. Staff Correspondent.)

London, April 5. (By Mail.)—The United Press today discovered the seat of English Bolshevism.

Its unofficial capitol is a little paper-cluttered suite of two tiny chambers, up three flights of narrow, winding stairs from a dingy little blind spur street in the heart of London.

Here the National Administrative Council, the Bolshevik directing body of the Shop Stewards' movement, holds its secret sittings.

In one of these rooms, the smaller of the two "Billy" Watson, councillor and veteran shop steward's leader, told the story of English Bolshevism—told it as he stood beside the carved-in fireplace.

"The shop" Steward movement arose in England largely from war conditions", he explained. "Dora (the Englishman's pet name for the Defense of the Realm Act) hobbled the regular union officials, compelling them to submit all complaints to boards of arbitration. These boards were generally extremely slow.

"The rank and file—the men actually in the shops—got impatient. The injustices continued during the delays. They subordinated on their own responsibility. They elected shop stewards.

"These shop stewards were men from the bench. They met in working clothes. Delay was just as disastrous to them as to their fellow-workers.

"They acted, while the regular trade union officials, constitutionalists (he always pronounced the word as if it carried a certain reproach) waited for arbitration.

"When the war ended the shop stewards decided not to wait longer. They began direct action.

"In the meanwhile these shop stewards committees in all parts of the country had been affiliating in a powerful national socialistic organization, of which the national Administrative Council is the head."

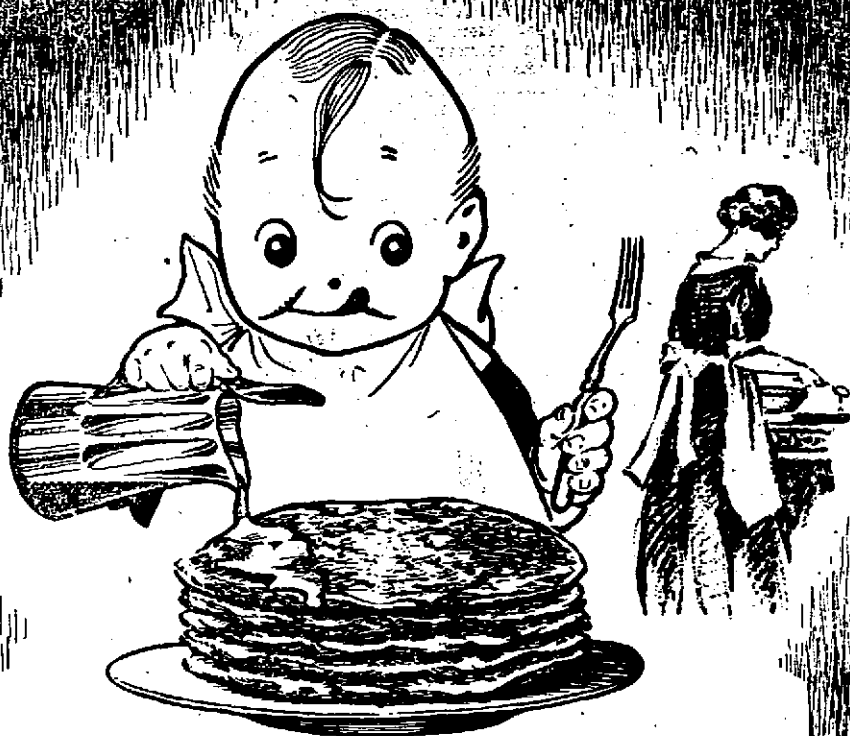

"I do not know whether Bolshevism will spread to America or not," he continued, "perhaps not. Industrial conditions seem to be better there than in Europe."

Watson said he worked all day long in the shop as a machinist and then came up here in his office to work late into the night organizing, planning, arguing for this new Bolshevik organization he was helping to create.

"We admit some transitory stage will be necessary," Watson continued, "but our ultimate aim is communism. For instance, our present fight is for shorter working hours. The wage question is not important. Present wages are satisfactory.

"But we hope eventually to abolish the wage system altogether for a communistic exchange of products. Lenin intends to develop that in Russia, you know.

"We believe in the Bolshevik philosophy. It is probably true, of course, that not all of the men striking today have reached the point of subscribing openly to all of this program. Many of them do. I know it

GRIDDLE CAKES

Light, tender, golden brown, full of goodness—just the kind that satisfies—the sort you can't get enough of, when you use

CALUMET BAKING POWDER "BEST BY TEST"

The greatest advancement ever made in the manufacture of baking powder—so perfectly made that you're always sure of the very best baking results. Its leavening strength never varies. The last spoonful as good as the first. No failures. It raises the quality of your bakings and reduces baking costs.

It is sold at a moderate price and you use only half as much as of most other powders.

A product of the world's largest, finest, most sanitary baking powder factory. Used in the U. S. Army and Navy—by the most eminent Domestic Scientists—in more homes than any other brand. Its superiority has made it America's leading seller.

CALUMET GRIDDLE CAKES

- 2—Level cups flour
- 2—Level teaspoons Calumet Baking Powder
- 1/2—Teaspoon salt

- 1—Level tablespoon sugar
- 2—Level tablespoons melted shortening
- 2—Eggs, yolks
- 1 1/2—Cups milk or water

How to Make Them: Mix dry ingredients in flour. Beat egg yolks and melted shortening in the liquid, add only a part of the liquid, mix until smooth. Then add gradually the balance of the liquid until batter is of the proper consistency. According to the strength of the flour more or less liquid is required. Bake on hot griddle well greased.

Paste in your Recipe Book for future reference.

Have You Noticed This?

When you buy a pound of Calumet you get a full pound—16 oz. Some high priced baking powders are now being put on the market in 12-oz. cans instead of a pound. Be sure you are getting a pound when you want it. No short weights with Calumet.

to be the platform of the leaders of the shop steward movement."

A tall young woman in a blue V. A. D. uniform entered excitedly with a newspaper telling of riots and the arrests of Bolshevik agitators.

"They may suppress us for a while", she cried, her eyes snapping, "but they can't suppress the Idea. It will only blaze out again somewhere else."

Watson read, smiled, buttoned his overcoat.

"No," he said deliberately, "the Idea is going to play a big role in the history of England."

WOODEN SHIPS SOLD

Washington, April 17.—The United States shipping board began disposing of its war time fleet of wooden ships today, when Chairman Hurley announced the sale of ten wooden ships to the Nacirene Steamship company of New York. The price paid was \$650,000 for each vessel, making an average of \$125 per ton.

COMBINED EASTER SERVICE

Congregations Will Join in Special Meetings at Manilla Sunday

The churches of Manilla have arranged for a union service at the Christian church there for Easter Sunday. The entire day will be devoted to Easter meetings. The Rev. F. M. Westhafer, pastor of the M. E. church, and the Rev. Mr. Sumner of the Christian church assisted by an evangelist from Ohio,

will have charge of the service. One of the features of the day will be the serving of dinner and supper in the church basement.

Jonah's gourd was a strong growing vine. Most of the gourd family, including squashes, melons, and cucumbers, require too much space for the small garden. Summer squashes, however, both crookneck and scallop, may be had in bush form. Two or three hills are enough for the average family.

Ugly, Unsightly Pimples Are Signals of Bad Blood

Give Heed to the Warning. Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they foretell eczema, boils, blisters, scaly eruptions and other skin disorders that burn like flames of fire. They mean that your blood needs S. S. S. to purify it and cleanse it of those impure accumulations that cause unsightly trouble. This remedy is the greatest vegetable blood purifier known, and contains no minerals or chemicals to injure the most delicate skin. Go to your druggists and get a bottle of S. S. S. today, and get rid of those unsightly and disgusting pimples, and other skin irritations. And it will cleanse your blood thoroughly. If you wish special medical advice, you can obtain it without charge by writing to Medical Director, S. S. S. Laboratory, Atlanta, Georgia.
